Agreement on Rate Matter.

Conference With President Results in a Speedy Understanding.

Railroads Withdraw Tariff Notices Pending the New Law.

On That Promise, Government Will Discontinue Its Litigation.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, June 6.—A complete agreement between the government and the recently-joined railroads of the Western Trunk Line Association was reached at a White House conference which lasted more than four hours this afternoon. The railroads agree to withdraw all rate increases filed to be effective on or after June 1, and agreed to file no more increases until the bill in Congress, which gives the Interstate Commerce Commission power to investigate and suspend increases, becomes a law and is in operation.

President Taft thereupon stated that the administration's purpose in bringing the injunction suit had been accomplished and that the suit would be discontinued.

The discontinuance will not be entered, however, until after the new railroad law is signed.

The belief was expressed tonight that all the other railroads of the country that have filed increased rates or have had such a plan under consideration will abide by the agreement reached today with the twenty-four railroads named as defendants in the Hannibal suit.

At the conference at the White House tomorrow in which President Taft will be present, the Pennsylvania and other officials representing roads in the eastern and central territory will participate. It is expected the railroad men will agree to hold up the proposed increases until after the new law becomes effective.

Every one connected with today's conference seemed gratified over the outcome.

OBJECT ACCOMPLISHED.

All that President Taft has desired is that the Interstate Commerce Commission have authority to investigate increases in rates to determine whether they are justified by conditions and are just to the shippers. This power is to be conferred under the new law.

The railroads, on the other hand, it is pointed out, are to be relieved of embarrassing litigation, are assured of a "square deal" when their case is presented to the commission, and are free to resume contracts for improvements and extensions, which they threatened to cancel had the court proceedings continued.

The new railroad bill contains a clause that gives it effect sixty days after being signed by the President. It will be necessary to make the provision as to the supervision of rates by the Interstate Commerce Commission immediately effective, and for this reason, as President Taft indicated tonight, it will be necessary to send the bill back to Congress.

President Taft summoned three members of the Cabinet to sit with him in conference with the four railroad officials who reached the White House at 3 o'clock p.m. Atty-Gen. Wickersham had all along been included.

There was some surprise, however, when the President sent for Secretary Knox and Secretary Nagel. Later, Chairman Knapp and Mr. Lane of the Interstate Commerce Commission were summoned.

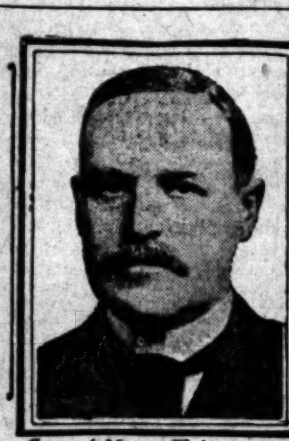

STATEMENT PREPARED.

It was 7:05 o'clock p.m. when the conference adjourned. Then the following statement was prepared and given out:

"E. P. Ripley, president of the Atchafalaya, Topeka and Santa Fe company; Walker E. Hines, acting chairman of the Executive Committee, Atchafalaya, Topeka and Santa Fe Railroad Company; Frederick A. Delano, president of the Wabash Railroad Company, and S. M. Felton, president of the Chicago, Great Western Company, a committee representing the twenty-four companies, defendants in a suit brought by the government in Missouri, in which Judge Dyer granted an injunction restraining increases in rates, met the President and the Attorney-General today pursuant to a request sent to the President a few days ago.

"The President stated to these gentlemen at the outset that the purpose of the suit was to prevent the proposed rate increases—which, under existing law, could not be investigated at all until after they had been effective—so as to preserve the status until the new statute could be passed and the commission could have the power to investigate rate advances as soon as announced and before becoming effective.

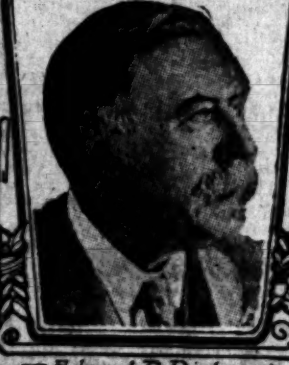

"He stated further that he thought the railroad companies must withdraw

CIVIL WAR SPREADS.

OUTLOOK NOW ALARMS THE CENTRAL GOVERNMENT.

Subjects Clamor for Self-Rule—Disappointed Viceroy's Contribution to Discontent by Urging Followers to Hold Present Government to Orders Laid Down by Emperor Tze.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, June 6.—[Exclusive Dispatch.] China's civil war is beginning to spread, and the central government is alarmed at the outlook. Cables received here this afternoon contain the emphatic information that the Chinese are clamoring for self-government and expect the Manchurian dynasty to give up its autocracy. Behind this there is the disappointment of many viceroys, not in good standing with the Prince Regent, who have excited their followers to hold the present government to the orders laid down by the late Emperor Tze Hsi An.

Your correspondent is in a position to publish for the first time that a few months before her death the Chinese Legation at Washington was advised that Tze decided there would be an end to autocracy at her death. Simultaneous with this came the details of the Chinese Constitution promulgated by her in August, 1908.

Zelaya's Brother-in-Law Passes Through New Orleans, Incognito, on Way to Nicaragua.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW ORLEANS, June 6.—Louis Cousin, brother-in-law of Zelaya, the deposed president of Nicaragua, passed through this city a few days ago, en route to Nicaragua under an assumed name, according to information which developed here last night.

He is said to have come direct from Belgium, where Zelaya is supposed to be stopping, and his return to Nicaragua is considered here as forecasting some important move by the titular government.

STORK BRINGS TINIEST BABE.

CHICAGO, June 6.—[Exclusive Dispatch.] The tiniest baby in Chicago, and perhaps in the world, was born today. This baby girl, weighing only eighteen ounces, was born in South Chicago, and, owing to the fact that the stork made a little error in computing time, it came about three months before the parents, Mr. and Mrs. Frank Anderson, No. 825 Belmont avenue, expected it. The infant was rushed to the Riverside Infant Incubator. The little Anderson girl is a trifle less than ten inches in length and the hands measure seven-eighths

Troops Are Being Hurried to the Troubled Area.

(ASSOCIATED PRESS NIGHT REPORT.)

VERA CRUZ (Mex.) June 6.—The most serious uprising with which the Mexican government has had to deal in a long time has occurred in the State of Yucatan and troops are being rushed to the troubled area. In the meantime, reports indicate there has been much bloodshed and that the insurgents are prepared for battle with the government forces.

The independent newspaper El Dictamen published dispatches from Merida, the capital of Yucatan, to the effect that forty persons were killed by the Maya Indians Saturday.

Further dispatches received here say that 5000 of these insurgents sacked the town of Valladolid, ninety-five miles to the southeast of Merida, killing all the principal government employees, the Chief of Police and others. They seized rifles and pistols and instituted a reign of terror.

INHABITANTS FLEE.

Many of the inhabitants of Valladolid are fleeing to the coast. The gunboat Morales has already left this port with 600 soldiers aboard, while the Yucatan gunboat Saragossa is lying in the harbor ready to take 1000 additional troops.

Railroad and telegraph communication between Merida and the scene of the trouble is cut off.

Twenty miles of the Yucatan Railroad have been destroyed by the Indians. It is reported many telegraph operators have been killed or are prisoners. A judge of the Criminal Court is among the captives.

The rebels are strongly entrenched in anticipation of the advance of the Federal troops. Maximilian Ramirez Bonilla, the former rebel leader, and Col. Victor Montenegro are said to be at the head of the uprising.

TOWNS ATTACKED.

The towns of Tinnun, Yaxama and Tunkas, all between Merida and Valladolid, have been attacked, but reports say the families of all the residents except officials have been left unmolested.

A strict censorship has now been established, and the original telegrams giving the first details of the uprising were sent by the government, which took charge of the news.

It is said the cause of the trouble is dissatisfaction on the part of the Indians over action of officials regarding the land of the Indians.

The Maya Indians in Yucatan have recently been showing serious signs of rebellion. Last April several Mexican soldiers were killed and there have been reports of other acts of violence.

The Indians are armed with modern rifles and are apparently supplied with an unlimited quantity of ammunition with which to carry on their guerrilla warfare against the Federal troops.

"BIG STICK" IS TEXT.

ROOSEVELT TALKS TO LONDON JOURNALISTS.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, June 6.—The Institute of Journalists gave a supper tonight in the historic Sturton's Hall to the American correspondents accompanying ex-President Roosevelt.

Three hundred of the most prominent literary men, including the editors of most of the London papers, were present.

Harry Lawson Webster, editor of the Daily Telegraph, presided, with Mr. Roosevelt at his right, and Ambassador Reid at his left. George Laval Chesterton, the well-known sporting writer, sat next to Mr. Roosevelt, who, in his speech, took the "Big

Stick" for his text. He explained the original utterance and emphasized the importance of speaking softly rather than carrying the big stick.

Mr. Roosevelt said that he was impressed with the need of newspapers speaking softly regarding the affairs of other nations. Dwell on the improved Anglo-American relations, he said, that he had improved exactly in a ratio with the United States' growth in strength and importance.

As a nation became strong and self-confident, the likelihood of its getting into quarrels with other nations decreased.

BRITISH CUTTER IS BOARDED BY CUBANS.

(ASSOCIATED PRESS NIGHT REPORT.)

KINGSTON (Jamaica) June 6.—The British schooner Marion May, which arrived here today from Nassau, Bahama, reports being stopped and searched six miles off Cape Mais, Cuba, by the Cuban revenue cutter Baile.

No resistance was offered by the crew of the schooner, but her captain entered a strong protest against what he termed unwarranted interference outside of Cuban waters.

The schooner was becalmed at the time and was greatly in need of food.

AVIATION HOP IN VOGUE NOW.

Don't Touch the Floor at All, Says Exponent of New Style.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 6.—[Exclusive dispatch.] It won't be proper after the convention of the United Professional Teachers of Dancing get through holding their convention at the Great Northern Hotel to speak of "tripping the light fantastic toe."

That sort of thing will have gone out of fashion. There won't be anything for the "light fantastic toe" to trip over.

The reason for this lies in the fact that Prof. J. C. Bush of Connersville, Ind., has invented and intends to popularize through the convention the very latest thing in dances, namely the "Dana de la Aviator."

A free translation would be the "aviator's dance," the "airship glide" or the "balloon float."

"There's to be no skipping in this dance, no hopping, no galloping," announced the professor. "The idea is not to touch the floor at all, or rather to seem not to touch the floor."

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, June 6.—Madriz is dispatching reinforcements, ammunition, mules and hospital equipment to Greytown, according to information received at the State Department from Consul Olivares, at Managua. In his telegram the consul expresses doubt of the feasibility of further military operations at this time, as the rainy season has set in.

ALLEGED X-RAY TORTURE.

TRENTON (N. J.) June 6.—[Exclusive Dispatch.] The Mercer County Supreme Courtroom was crowded today by scientists and medical men during the taking of testimony in the X-ray torture case instituted against Prof. Edwin Plymouth Adams and Howard McElenahar of Princeton University by Mrs. Helen W. Page, who charges that the scientists baked her husband alive by careless application of X-ray.

Dr. J. H. Edwards, in his testimony, declared that the rays scorched the stomach, causing death. It is charged that three X-ray applications were given, each of five minutes' duration, and that they should have continued for only five seconds.

GAS KILLS KING'S DOUBLE.

NEW YORK, June 6.—[Exclusive Dispatch.] A striking coincidence was commented on in musical circles in this city was the death of Max Knauer, a musician, who had been known for many years as the double of the late King Edward. In stature and features, Knauer resembled the King to an astounding degree. Knauer was born in Germany fifty-six years ago and came to New York when a youth of 15. His physical resemblance to the King was noticed more than fifteen years ago. Knauer died in his rooms, where he had lived, a bachelor, at No. 32 East Fourteenth street, from postural asphyxiation.

Decision of Fine Equity Point in Yampa Anthracite Case May Cause Reversion to Government of Coal Lands Worth Millions—Other Suits for Colorado Properties Will Follow.

(ASSOCIATED PRESS NIGHT REPORT.)

DENVER, June 6.—The government won an apparently important victory—the first it has gained since it began its prosecutions for alleged land frauds in the West—in a decision handed down today by Federal Judge Lewis in the Yampa anthracite case.

Judge Lewis held that although the lands which the government is trying to recover through equity suits were once involved in criminal cases, in which the defendants were discharged, the results of that trial do not enter into the chancery proceedings and the court overruled every motion to have the chancery suits thrown out of court.

Under this ruling, it is thought the government may win back lands in Colorado alone worth \$30,000,000.

The Yampa anthracite case involves L. M. Ramsey, Frederick Kettel and other men well known in St. Louis and Denver.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, June 6.—[Exclusive Dispatch.] Miss Margaretta Drexel will be married to the Viscount Maudslowe, son and heir of the thirteenth Earl of Winchester and ninth Earl of Nottingham, tomorrow at St. Margaret's Church, Westminster.

It will be a daisy wedding, and the word is not used in its lighter sense. Miss Margaretta's name flower, the marguerite, will adorn her, and her ten bridesmaids will walk into her name church chained with the blossoms.

One of the bridesmaids is Miss Mildred Carter, daughter of Mr. and Mrs. Ridgley Carter of Baltimore. Her father, lately first secretary to the American Embassy at London, is now Minister to the Balkan States. Miss Carter will marry Viscount Acheson in the latter part of this month.

Another American who will be bridesmaid to Miss Drexel, is Miss Edith Wayne of Philadelphia, a descendant of Gen. "Mad Anthony" Wayne. The other eight bridesmaids are Lady Violet Manners, one of the three daughters of the Duke of Rutland; Miss Nelly Post, who will marry Montague Elliot soon; Sybil Fellows, who, it is said, is engaged to an officer of the Guards; Miss Upton, Lady Gladys Finch Hatton, the bridegroom's eldest sister; Vere Gunning, his cousin; Miss C. Combe and Rhoda Astley.

The Gould and Drexel families are here for the wedding, loaded down with presents.

CHARGES IN BILL.

In the suit filed against the American Car and Equipment Company, Judge Walker at once issued an injunction restraining the car company from bringing any suits to collect for the Illinois Central amounts alleged to be due.

In the bill filed against the West Pullman Company it is charged to Henry C. Ostermann and the Ostermann Manufacturing Company entered into the conspiracy to defraud the railroad. The West Pullman Company successor to the Ostermann company is said to be the four men.

The bill also charges that when the Illinois Central closed its own repair shops in 1906 it had on hand a large number of cars to be repaired a large stock of materials and supplies with which to make repairs.

In this connection, the bill says "They further conspired to cause the car company's materials and supplies, such as lumber, paint, ties, rails, bolts and other materials and supplies, to be delivered to such companies without payment made or any credit given by the car company."

TORONTO (Can.) June 6.—[Exclusive Dispatch.] The remarkable vitality which has sustained Dr. Goldwin Smith since the accident which four months ago, forced him to leave his rooms in almost total ruin and to leave his home, "The Grange," at a point of death, his physicians are doubtful whether he can live till dawn. At most, they say, they can scarcely hope to retain the spark of life longer than a month tomorrow.

Since the death of his wife last summer the infirmities of old age have been creeping rapidly on Dr. Smith and several months ago he gave up all his literary work. On the morning of February 2 he was walking through the hall of his home when he tripped and fell, fracturing a thigh.

Illinois Central Sues Former Officials for an Accounting.

Complaint Declares Several Concerns Profited by Over-Charge.

Action Follows Months Investigation by the Railroad.

(ASSOCIATED PRESS NIGHT REPORT.)

CHICAGO, June 6.—Charging it has been defrauded out of about \$600,000 on repair work in four years the Illinois Central Railroad Company today filed suit for an accounting against four of its former officials in the circuit court here today.

The railroad's bill, which alleges a conspiracy to defraud, names the following:

Orland S. Keith, former superintendent of transportation.

Joseph E. Baker, former assistant of car machinery.

William Benshaw, former superintendent of machinery.

John M. Taylor, former general store-keeper.

OTHER LOSERS.

In connection with these charges against its former officials, the company declares in its bill that it concerns profits in alleged overcharges on car repair work in following amounts:

The Blue Island Equipment Company, \$100,000.

American Car and Equipment Company, \$100,000.

Ostermann Manufacturing Company, \$150,000.

Memphis Car Company, \$300,000.

International Car Company.

The railroad also filed suits for accounting against the West Pullman Car Company and against the American Car and Equipment Company.

The action follows months of investigation by the company and serious rumors of an alleged "ring" in the Illinois Central Railroad.

DETTLE.

The bill against the four former partners heads against the company entered into a conspiracy in June, 1906, and that from that date until April 1910, the railroad company was defrauded out of nearly \$2,000,000.

The defendants are alleged to be represented to the corporation by the company's repair work could be done more cheaply by independent concerns than at the railroad's shops. When contracts were of certain independent concerns, the charged, the railroad company was paying a long series of large overcharges, from which certain superintendents are declared to have secured thousands of dollars.

TRY A HOME TREATMENT

**When Doctors Say That Nothing But
Change of Climate Will Help.**

**Renew the Blood Supply by the Tonic
Treatment and See if You Are
Not Saved Money, Time and
Suffering.**

If you are suffering from a run-down condition where ordinary remedies seem to have no effect and your friends and advisors are recommending a change of air or climate, it is worth while to consider trying the tonic treatment with Dr. Williams' Pink Pills before taking the advice.

Miss William Patterson, whose address is Box 33, R. F. D. No. 4, Ensbould Wash., called to regain her strength and also tried this tonic treatment with Dr. Williams' Pink Pills. She says:

"When I was fifteen years old I had an attack of the measles and was sick for over a year. I was very weak and could not get my strength back. I was short of breath that I couldn't walk a distance at all without fainting. I suffered with awful headaches a greater part of the time. I was nervous and run down and had no strength or energy left. I was weak and nervous. Friends, who as me, thought I would never get well. I was living as if I couldn't walk a distance at all without fainting. I was treated by two doctors but they didn't do me a bit of good. I was under the care for about six months and was getting worse all of the time. Finally I had to remain in bed and the doctor said that nothing but a change of climate would help me. After being confined to bed for a month, my mother decided to give me Dr. Williams' Pink Pills. I received great help from a few boxes and grew stronger and felt better in every way. I took the pills regularly for quite a while and was completely cured."

Whenever a tonic is needed, Dr. Williams' Pink Pills should be given an immediate trial. They quickly enrich the blood and give strength and health to every part of the body. For this reason they have cured anemia, chlorosis, rheumatism, lumbago, general debility and the after-effects of the grip and fever.

Our booklet, "Diseases of the Blood" will be sent free upon the request of a sufferer from impure or impoverished blood.

Dr. Williams' Pink Pills are sold by druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

PLENTY OF CLASS.
CONLEY AFTER
MORAN'S GOAT.Real Fight on Tap at Naud
Junction Tonight.Frankie Hopes to "Bore In"
to Victory.Fast Boys to Get Together
in Preliminaries.

Frankie Conley will go up against the hardest proposition in his fighting career when he tackles Owen Moran at Naud Junction tonight. The Englishman is not only a boxer, he is a wallop that is as vicious as anything Frankie has, and the Kenosha boy will have to put up his very best fight if he expects to beat Moran.

Although Conley is stepping out of his class, he will have very little advantage in this respect. The boys are to weigh in at 124 pounds at 5 o'clock this afternoon. Lately Conley has found it hard to get down to 116 pounds, and his best fighting weight has been about 120 pounds. He will enter the ring close to 124 pounds, and probably would tip the beam at slightly over that figure if he did not have to meet the weight requirement. Moran probably will take on a couple of pounds between the time the boys weigh in and the time they enter the ring, and he will only have this slight advantage in his favor. If the Englishman had had no particular weight to make, he would have fought at 120 pounds or over.

Moran is very anxious to beat Frankie, and asserts that he will knock out the Kenosha. Another rap at Abe Attell is what Owen is after, and if he disposes of Conley tonight he and Abe may be staged at Naud Junction, the latter part of this month.

HAS BIG JOB.

Conley realizes that he has a big job on his hands, but he is extremely confident that he can take Moran's measure. He says he is going to fight hard from the tap of the gong. Frankie's boring-in style has made him a formidable rival for any of the little fellows, and it is what was chiefly responsible for the landing of the bantamweight belt. What he will be able to do against a clever, hard wallop like the Moran remains to be seen. Owen has a good fighting head, which added to his boxing and punching ability, has carried him into the front rank.

Frankie has jumped out of his class before. Two years ago he stepped out against Ad Wolgast at Milwaukee and went eight rounds to a draw. Then he was fighting a boy who has his own aggressive style. In Moran, he will meet a clever boxer, who, in addition, has a hard kick.

Both boys have a host of supporters who can see nothing but victory for their respective idol. No matter who comes out on top, the bout undoubtedly will be one of the closest fights ever pulled off at Naud Junction. Frankie beats Owen, he probably will say "good-by" to the bantamweight division, while if he comes out on the short end he will stay with the boys under 120 pounds in the future.

TONIGHT'S CARD.

The order of the bouts tonight follows:

Young Jeffries and Jeff O'Connell, six rounds.

Paul Sikora and Kid Rees, six rounds.

Young Rivers and Martin Leahy, 12 at 3 o'clock, ten rounds.

Owen Moran and Frankie Conley, 12 at 5 o'clock, ten rounds.

First event at 8 o'clock: Charles E. Zytton will referee the main event, and Art Reynolds, the preliminaries and semi-finals.

The card promises to be full of action, in contrast to the programme that was pulled off last week. All the contestants are small and speedy, none of them weighing more than 130 pounds.

The ten-round mill between Rivers and Leahy is attracting considerable interest. The boys are well-known to local sports and the outcome is hard to "dope." Promoter McCarey says that Leahy broke good to him, while Matchmaker Siancock thinks that Rivers has the better look-in. This difference of opinion in the fight firm also is evident at all places where fight talk is rife. Each boy has many followers.

Kid Rees is to take another crack at Paul Sikora. The fight with none Panke pompadour was a trifle nervous last week as it was his first appearance here. A better showing may be expected from him tonight. He was beaten by Rees, but put up a good fight and pleased the fans. Rees is a strong, persistent, but rather slow boy with considerable speed at the game and may be counted on to try for a knock-out from the beginning of the war.

Jeff O'Connell and Young Jeffries are to open the show over the six-round route. They are willing fighters, who usually give the bugs their money's worth.

HARVEY'S PHENOM.

Charles Harvey of New York, who has had great success with English fighters, came to town yesterday with another little Briton which he claims can whip anything his weight on the Coast.

Sammy Keller is the boy and his weight is 115 pounds, but Harvey does not object to matching him for ten rounds with boys a little over that weight. He will take on Danny Webster at 116 pounds at 6 o'clock, and might possibly shave that a little.

If Conley makes a good showing tonight, Harvey will challenge him for a bantamweight figure. Harvey says his man has taken on all the good bantams in the East and is really a boy of championship class.

Harvey will look after the interests of Moran tonight.

STABLE OF BOXERS.

HOYT'S WHOLESALE TRADE.

"Doc" Hoyt has gathered together a whole stable of fighters and has organized a circuit consisting of San Diego, Bakersfield, Taft and Coalinga. Where he will take his men, he says, Hoyt's first card will be pulled off at San Diego in about ten days. Jack Geyer and Roy Page, at 130 pounds, will be the head-liners, with Fred Corbett and Hobo Dougherty on for six rounds at 123 pounds, and Kid Bell and Jimmy Austin on for six or ten rounds at 115 pounds. A bout at 125 pounds is to be added.

A preliminary at Coalinga in Pasadena.

GETTING SERIOUS.
LITTLE WOULD
SUE JOHNSON.Threats of Gun Play Cause
Scare in Camp.Billy Nolan Engaged to Run
Black's Affairs.Rickard May Be Relieved of
Referee's Job.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, June 6.—After securing an attorney late today George Little declared that he would take immediate legal action to secure his position as manager of Jack Johnson.

Little said that the trouble began when he wrote for the mother and sister of the champion to decline on the training camp to do the cooking. According to the manager's story his charge objected so strenuously to this action that a fierce quarrel ensued. This trouble culminated yesterday in the row which led to the replacing of Little as gatekeeper by Jim Jeffries.

The threats of gun play became so frequent today that some excitement was caused by a visit to Chief of Police Martin by Little.

According to the Chief he was asked to settle the quarrel but declined on the grounds that he had no right to interfere in a matter over which the civil courts must exercise jurisdiction.

Little said that besides the \$10,000 forfeit money which he declares that he provided for Johnson, the champion owes him \$15,000, which the manager said out on debts contracted by his charge. That part of this has gone to pay the expenses of Johnson's brother Charles, who is said to be dying in a Chicago hospital. This payment, according to Little, was resented by Johnson, who was not inclined to authorize it.

A permit was granted today by the Board of Supervisors for the erection of a grand stand in Central Park where the arena for the Jeffries-Johnson fight is now under course of construction.

BILLY NOLAN NEW MANAGER.

The story that Billy Nolan will very shortly assume the management of Johnson was confirmed today. Nolan had a conference with Johnson Sunday night and was in consultation with him again today. Nolan admits a proposition has been put to him, and intimates that he will take charge very shortly.

"If I do take charge," said Nolan, very cautiously, "and that is practically arranged, I will endeavor to see that my man gets what is coming to him. We will not make any mistake. The story of a switch in referees is again being discussed because of the Nolan angle to the affair. From the outset Nolan has opposed Tex Rickard as referee, on the ground that the Nevada is not sufficiently well acquainted with the game. Nolan, as stated today, is instrumental in securing the consent of Johnson to agree to Eddie Smith, who was the original Jeffries candidate. Rickard has stated all along that he would withdraw if either fighter had any serious objections to him. Nolan may persuade Johnson that he has these objections.

Such a turn of affairs is quite within the possibilities. Rickard is frankly opposed to the Nolan angle. He thinks Nolan is capable of stirring up much trouble.

Nolan has been connected with the fight game for two years. He was formerly located at Butte, Mont., where he was in the field as a fight promoter. His greatest prominence was won while handling the interests of Bat Nelson, and it was while under Nolan's management that Nelson won the lightweight championship of the world.

Until called by Johnson to act for him, and since retiring from the fight business three years ago, Nolan has lived on what may be called a "retirement" in a statement issued tonight, he said:

"Johnson and I have been friends for ten years. He is not new to me, and I think I know what he wants. I don't know Mr. Little, and therefore cannot discuss him. I will do all in my power in the interests of the fighter whose manager I am."

KAUFMAN DUE TODAY.

Kaufman did not arrive today at the camp, but he is expected tomorrow, and if he shows up it is likely that the first boxing between the California heavyweight and the English will take place on Wednesday afternoon when Johnson is scheduled to do his next boxing. It will give the best line by far on the world.

Racing in November.

SAN FRANCISCO, June 6.—President Thomas H. Williams of the New California Jockey Club today announced that the racing season of 1910-1911 will open at Emeryville Saturday, November 12. This will be one week earlier than the first day of the season just ended.

HINDU IS A HIKER.

Student at University of Washington to
Start This Morning on Foot for
New York.

(ASSOCIATED PRESS DAY REPORT.)

TACOMA, June 6.—Satya Deva, a Hindu student at the University of Washington, came to Tacoma today and tomorrow will start on a long cross-continent tramp, with New York as his destination and San Francisco and New Orleans as way points.

He expects to reach New York within a year, and to take steamer there for his home in India. His trip will be in the nature of a post-graduate course, following studies at the University of Chicago, the University of Oregon and the University of Washington. He will contribute monthly articles to "Saraswati," a Hindu magazine. In the South he will study the negro problem.

Dev is one of the brightest students at the University, being better grounded in fundamental American information, perhaps, than most college students. He speaks English perfectly. One thing he expects to contribute to his comfort on his journey is the fact that he is a vegetarian, his conscience forbidding the eating of meat or eggs.

Much Letter-Writing.

NEW YORK, June 6.—Gov. Gillett and various other officials in California will this week receive several hundred letters protesting against the holding

condition of Johnson as Kaufman will undoubtedly extend himself. The champion, because he is so light in weight, cut down his work today. He was on the road in the forenoon and in the afternoon buried himself for a few minutes with the gymnasium apparatus. As usual, he was out for a spin in his automobile.

JIM RESTS AGAIN.

HAS GOOD LUCK FISHING.
(ASSOCIATED PRESS NIGHT REPORT.)

BEN LOMOND, June 6.—Fatigued after a fishing trip that began at 4 o'clock this morning and wound up at 4 o'clock this evening, Jim Jeffries with the rest of his fishing party, returned to camp at 9 o'clock.

As far as the day's catch was concerned, the trip was a success, for the party brought home enough fish to supply the entire camp for two or three days.

Hard work will be resumed tomorrow morning when the first of the Corbett bouts is slated.

In all probability, Jeffries and the veteran will box in private. Corbett is now well enough off, physically, to travel a pretty steady three rounds. Corbett, by the way, who has been living in Santa Cruz, returned with Jeff tonight to remain here permanently.

TO SAIL HOME.

DRISCOLL HAS MALARIA.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, June 6.—Jem Driscoll, the British featherweight champion, will sail for England tomorrow having been compelled by ill health to call off his championship bout with Abe Attell, which was to have been fought at Colma on July 2.

TO DUPLICATE FLIGHT.

Curtis to Maneuver for Moving Picture
Concern Over Famous Albany
Course.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, June 6.—If the weather is favorable during the latter part of the week, New York will have an opportunity to see Glenn H. Curtiss duplicate his flight down the North River from Spuyten Duyvil Creek. The flight will be made to enable moving picture men to get a record of the feat.

Curtiss probably will arrive in New York tomorrow. He will launch from Governor's Island, fly around the Statue of Liberty, circle the shipping on the way, and fly up the river on the Manhattan side. It is planned he will stay in the air for about thirty minutes, and the flight is to be recorded on a film 400 feet long.

Entered for Flight.

CHICAGO, June 6.—P. S. Manning of El Paso, Tex., who was in Chicago last night, en route to Cleveland, announced he would enter the proposed New York-Chicago aerial race for a prize of \$25,000. He has a double-decked, eighty-horse-power biplane of his own manufacture.

Hamilton After Record.

NEW YORK, June 6.—Charles K. Hamilton, the aviator, will next Saturday from Vancordland Park in his attempt to fly to Philadelphia and back in the same day for the prize offered by the New York Times.

Not Be Able to Play in
This Summer.

WIRE TO THE TIMES.

SAN FRANCISCO, June 6.—(Herald.) Jess Orendorff, the Los Angeles catcher who was injured by a pitch of the ear by a pitched ball during a game with the team, is much improved tonight, and attending physician says he expects to be able to play in the near future.

His crisis succeeded, and although he is man and will be laid up for some time, his recovery should be from severe concussion of the head, accompanied by hemorrhage, can be aroused. He may not be able to play this season, and again he is in harness in two or three days. He is able to move with dizzy spells and his "ring" at times.

Hughes Smith will do the work for his team.

chiefly in the harness classes, including
two coaching teams. Other American
competitors are:

C. W. Wilson, with twenty horses;
Xavier Riant, who has again entered
Jubilee, the hunter holding the Olympia
jumping record; Paul Cravath, who
will also compete in the jumping
events; Miss L. Long of Kansas City,
who has entered a trotter, and Edwin

[ASSOCIATED PRESS NIGHT REPORT.]
LONDON, June 6.—At a meeting to-
day the committee of the Hurlingham
Polo Club definitely decided to chal-
lenge this year for the international
cup now in the possession of the Mead-
owbrook Club.

The team to be sent to the United
States will consist of two brothers, R.
and F. Grenfell, the Earl of Rock-
ingham and Lord Wodehouse.

The Duke of Roxburghe is lending
his stable of ponies to Lord Wode-
house and the ponies will be shipped
about July 10. Capt. E. B. Miller will
accompany the team in place of Capt.
Lloyd.

Law W. Irvine of Riverside, met
with a painful accident last evening
about 6:30 o'clock just after he and his
wife arrived in this city in their auto-
mobile. Irvine stepped from his car to
walk across Hill street near Sixth,
when a five-passenger touring car go-
ing at a speed of twenty miles an hour
knocked him down, the forward wheel
passing over his neck and shoulder.

His face was severely cut and he suf-
fered bruises on the head and back.
Irvine was unconscious for a time
and was carried into the Hotel
Chickasaw. Dr. Dodge was called and
dressed the wounds. Irvine declares
that it was a miracle that he was not
instantly killed.

The driver of the automobile stopped
and asked, "Is the gentleman hurt?"
and after giving his number as 35918, he
went on his way.

M'CREDIE THINKS WINE
AFFECTS BIG COMMISSION.

[BY DIRECT WIRE TO THE TIMES.]
PORTLAND, June 6.—[Exclusive
Dispatch.] Walter M'Credie is
dying all through at the loss of Al
Carson to Vernon. He thinks the National
Commission has robbed him and
doesn't mind going on record to that
effect. Said M'Credie today:
"Last year when I appealed to the
National Commission in the matter of
Jimmy Shinn, the case was turned
back to Ewing, then president of the
Pacific Coast League, for settlement,
and as Ewing had already awarded
Shinn to Sacramento, I was deprived
of the player. This year the conditions
in the Carson case, while not identical,
are similar, yet the commission takes
the matter out of the hands of the
league's president and hands the play-
er over to a man who is a bosom com-
panion of the right hand bower of
Charley Murphy of Chicago.
"All you have to do to get in good

Shinn last year as Chicago had to get
Kling released, yet M'Credie was voted
to be in the wrong, just as in the Carson
case."
GRAHAM TURNED DOWN.
[BY DIRECT WIRE TO THE TIMES.]
CINCINNATI, June 6.—[Exclusive
Dispatch.] President Graham, of the
Pacific Coast League, evidently does
not like the decision of the National
Commission who awarded Pitcher Car-
son, late with the Cubs, to the Vernon
club. Mr. Graham wired a protest to
chairman Hermann, yesterday, and
called attention to the rule of the Pa-
cific Club League which requires that
players from the major league that are
turned back must go to the club from
which they were drafted.

Hermann was seen tonight and
said that the commission's decision
was the only one that could be made.
"The commission has the same rule
Mr. Graham calls attention to," said
Mr. Hermann. "President Murphy of

ASSOCIATED PRESS DAY REPORT.

SMALLTOWN (Iowa) June 6.—
Harvey, wife and son, living
two miles southwest of this city,
found in their home this morning
murdered. Ray Harvey, aged 18,
was later placed under arrest and
taken to Marshalltown, where he is
being held for investigation. The crime
committed at the Harvey farm
Vandevier during the night.

the bodies of Harvey, his wife and
son, were found at the Harvey
farm, south of Vandevier early this
morning. Harvey's body lay on the
floor with his skull crushed, and
heavy pieces of gas pipe lying near
the bodies of Mrs. Harvey and the
boy. The bodies of the wife and the
boy lay in the house with their skulls
crushed, apparently by the same in-
strument.

Harvey is 18 years old. He claims
spent the evening at the home of
a sweetheart, Mabel Starr, and
shook over the body of his father
the barn when he returned home.
The murder was committed some
time Sunday night. The victims, James
Harvey, a farmer, 45 years old, and
Lavinia, 35 years of age, and son,
aged 12, were first shot and later
beaten to death with a piece of
pipe.

Harvey, the only surviving
member of the family, who was arrest-
ed to have been married next
Wednesday to Miss Starr, who says he
was with her from 7:30 Sunday night
to after midnight.

Girl to Burn Buildings of Rich
Farmer Who Sold a Bawdy
House.

BY DIRECT WIRE TO THE TIMES.

LAMAR FALLS (Or.) June 6.—
Exclusive Dispatch.] Miss Cora
ton, aged 16, and Mrs. Maggie
ton, aged 21, are in jail here,
charged with arson. Today Miss Cora
ton confessed that she, instigated by
her mother, had set fire to the
barn and then to the house of A. M.
ok, a wealthy farmer, burning them
to the ground.

Lower is the motive, the girl
said. She declared Shook had sold a
bawdy house to Mrs. Deal, which proved
her, subsequently refusing to refund
the money or take the animal back.
Deal was very angry at Shook's
girl, said, and offered her \$2 to
burn Shook's barn. She did it, and
the barn went some valuable
stock and machinery.

a couple of weeks later, said Miss
ton, Mrs. Deal hired her to burn

3 YEARS ECLIPSE OF PROFITS

The Lowman Store Can Do Business Without Profit

You say that sounds foolish. Maybe it does—but it's a fact—and if you'll let us, we'll prove it to you. For three years we're going to continue to sell men's high class merchandise at exactly what we pay for it, plus only our small selling expense. Our profit will be the saving we made on the purchase of the Lowman stock a few months ago.

Don't misconstrue our words—and don't draw your conclusions about what we say until you have come right here to the store and put us to the test. We'll live right up to absolutely every statement we make—and for three years, we'll give to the men of Los Angeles values such as no other men's store in this city can possibly give.

\$30.00 and \$35.00 Suits

From such high grade makers as "Kuppenheimer," "Hirah Wickwire," "Michael Sterns." Our very newest and cleverest spring models. Clothes you cannot duplicate anywhere under \$30.00 and \$35.00.

Our Regular \$25.00 Suits

These are also from "Kuppenheimer," "Hirah Wickwire" and "Michael Sterns." There are no better, no newer, or no cleverer suits sold anywhere in Los Angeles for \$25.00.

Splendid \$5 Suitcases \$3.40

Genuine sole leather suit cases, heavily riveted, canvas and linen lined, with inside straps and shirt pockets. There is no better suit case sold in Los Angeles for \$5.00. The new Lowman price is \$3.40. And all other bags and suit cases in our stock are reduced accordingly.

\$7.50 Panamas \$4.35

When we say \$7.50 Panamas, we mean that you can't duplicate them anywhere for less. They're genuine Equadors—new styles—splendid qualities. Now \$4.35. All our new straws are offered now at just such reductions as these Panamas. Nothing in our stocks excluded.

\$1.50, \$2, \$2.50 Underwear \$1.15

High-grade seasonable underwear—French bon-bon silk lisle and Wilson Brothers' imported. Actual \$1.50, \$2.00 and \$2.50 qualities for \$1.15.

\$1.50, \$2.00, \$2.50 Shirts 95c

These are not the sort of shirts ordinarily advertised at \$1.50 and \$2.00 values for 95c. They are absolutely the best \$1.50, \$2.00 and \$2.50 shirts shown in Los Angeles. New patterns in French plaques and other high-grade fabrics. All at one price—95c.

SUICIDE PACT SUSPECTED.

Three New Orleans Grocers Have Killed Themselves Mysteriously in Past Five Months.

BY DIRECT WIRE TO THE TIMES.

NEW ORLEANS, June 6.—[Exclusive Dispatch.] Self-destruction of three, leading wholesale grocers, in an identical manner, and under the most mysterious circumstances, within the past five months has given rise to a persistent report that the men belonged to a suicide club. All of the men who committed suicide were prominent in Jewish circles and supposed, generally, to have been without a care. They were Ben Fiebelman, Henry Schwabacher and Jacob Wiler.

The last named was buried today and his suicide is a sort of nine days' wonder. Not even his most intimate friends can account for it on any other theory than a pact. Wiler had the day before his suicide by shooting himself in the brain consulted with an architect about a home and seemed cheerful.

This was the case with all the suicides, all of whom had been close friends, and men in easy circumstances.

READS BIBLE; SEEKS DEATH.

W. L. Anderson of California Commits Suicide in Montana—Body Is Cut in Two.

BY DIRECT WIRE TO THE TIMES.

LAUREL (Mont.) June 6.—[Exclusive Dispatch.] W. L. Anderson, about 35 years of age, committed suicide in Laurel by throwing himself in front of a west-bound train at the Northern Pacific depot last night. He had been begging around the depot all day and had been offered work, prior to the rash act had been seated on an express truck reading a Bible. The body was cut in half and both arms broken. The body was found by a recently written, undated, letter reading as follows:

"Dear Mother—Forgive a wayward son. I am going to a new home, I know not where. (Signed).

"W. L. ANDERSON."

A letter from his mother, from Coplay, Cal., was also found in an Eagle's receipt, No. 519, showing him to be in arrears since August, 1909, to Shasta Area, No. 160, of Redding, Cal. A copy of the New Testament and other religious literatures were also found.

DEAF MUTES DIVORCED.

He Charged Wife With Bad Temper. She Said He Circulated Stories About Her.

BY DIRECT WIRE TO THE TIMES.

LA GRANGE (Ind.) June 6.—[Exclusive Dispatch.] Amanda Lower, aged 42, was today granted a divorce from Jacob N. Lower, aged 44, after a large number of witnesses had been called, and the neighborhood was very much excited over sensational stories which had been circulated by the husband, as charged by the wife. The principals and witnesses are all deaf mutes.

Lower is a wealthy farmer, living south of this city. In his cross-complaint he charges his wife with having an irritable temper, that she would get mad and break dishes. The wife charged her husband had been cruel and inhuman in his treatment of her, and that he had charged her with wrongdoing, and he had circulated vile stories around the neighborhood. They were married in 1890 and have no children.

PASTOR STEALS A PRETTY GIRL.

Revivalist Leaves Wife Prostrated With Grief.

BY DIRECT WIRE TO THE TIMES.

SCHNEETZKY (N. Y.) June 6.—[Exclusive Dispatch.] After a split-bugger race, Rev. Stanton Dewitt Sharp, pastor of a Methodist chapel in this city, succeeded in eloping with the pretty, 14-year-old daughter of Asa Whitaker, a farmer of South Schneetzy, Sunday evening.

Rev. Sharp, a man of about 30 years, tall, very sober and modest in mien, came here several months ago as a revivalist. Although he has a wife, he soon became infatuated with one member of his congregation, Miss Julia Wittaker, and began paying her marked attention. The minister was forbidden the house and the girl was kept indoors, but, despite all this precaution, communication between the two was kept up in secret.

Early Sunday evening, Julia went for a stroll up the road, being guarded by a younger sister. When a mile from the house they met Sharp, who was waiting with a horse and buggy. The older girl kissed her sister goodbye and gave her a note for her father, saying that she was going away for good.

The father hitched up a horse and started in pursuit. A spirited race resulted until the elopers managed to dodge pursuit in the gathering darkness. It is supposed they took a fast train out of town.

Sharp is now charged with abduction and his wife is prostrated with grief.

CRIME BRIEFS.

Two Negroes Shot in Feud.

HOUSTON (Tex.) June 6.—[News reached here today that as the result of a long feud between certain elements of whites and negroes at Orange, Tex., Rankin Moore, a negro, was shot and killed by a white man, earlier in the day. Douglas Lemon, another negro, was found on the street shot to death by unknown persons.

Third Victim Dies.

BLUEFIELDS (W. Va.) June 6.—Buddy Shepard, deputy sheriff, died today, being the third victim of a riot in this county. Kentucky. Sunday night. A Jesse James tent show was in full swing when a gang of rowdies made trouble. They were ejected and began shooting. Two deputy sheriffs were shot dead.

Kentucky Woman Assassinated.

LEXINGTON (Ky.) June 6.—Mrs. Alfred McIntosh of Lee county was assassinated here today that as the result of her body with a bullet through the head was found this morning.

LEARN LESSON FROM FIGURES.

Chicago Educators Start Movement to Add Swimming to Common School Courses.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, June 6.—[Exclusive Dispatch.] With statistics showing four thousand persons drowned in the United States every year, the authorities of the Chicago Y.M.C.A. and the Chicago public schools today united in a movement to teach every school child in Chicago to swim.

The work will be begun at the Wilson Avenue Y.M.C.A. with classes from eight North Side schools.

Mrs. Ella Flagg Young, Superintendent of Schools, said today she hoped to make this the start of a plan that eventually will make commodious swimming pools a part of the equipment of the Normal School and every high school and place instruct-

INNOVATION AT HARVARD.

George Putnam, Jr., Likes the Way His Uncle Abbott Is "Making Things Jump."

BY DIRECT WIRE TO THE TIMES.

BOSTON, June 6.—[Exclusive Dispatch.] "I think that Abbott Lawrence Lowell, my uncle, president of Harvard college, has started a regime there which will make things jump," says George Putnam, Jr., who will receive a diploma from his distinguished uncle this month.

He is senior editor of the Crimson, and president of the Alpha Delta Phi, one of the most exclusive Harvard clubs.

"It is difficult to make a comparison between President Lowell and his predecessor, President Eliot," he says. "Eliot looked at things from the utilitarian, educational and schoolmaster point of view. Lowell, a younger man, thinks of things connected with college life from a more youthful viewpoint."

"For half a century Harvard has been behind the times in some ways; things have been too routine. The time came for the infusion of new activities, which shall wake people up with a start and pull Harvard back again in the front rank. Uncle Abbott was the man chosen to do things, and he is going to do them."

"I think all the fellows look with favor upon his scheme to herd the freshmen together in dormitories of their own, instead of mixing them, heteroskelton, among the quarters of the upper classes."

FOR HEALTH LEGISLATION.

Representatives Urging Advocacy of Bills Before Congress Will Be Made at St. Louis.

ASSOCIATED PRESS NIGHT REPORT.

ST. LOUIS, June 6.—The American Medical Association, which begins its convention here tomorrow, will be asked to take affirmative action on the bills for a department of public health, now pending in Congress.

It is expected that the registered delegates will reach nearly 7000 by the time the convention is called to order.

In advocacy of the conservation of human life, Dr. Lister H. Montgomery of Chicago urged the passage of the public health bills in an address today before the American Association of Medical Examiners.

A national campaign for pure milk, with inspection commissions in every town, was outlined by the American Association of Medical Milk Commissioners.

HAS BRIDE IN AUTO.

After Ceremony Eloping Sacramento Couple Turn Toward Los Angeles.

BY DIRECT WIRE TO THE TIMES.

SACRAMENTO, June 6.—[Exclusive Dispatch.] Speeding away to Los Angeles in one of the tiniest automobiles made, Henry E. Grude, also known as Moncur, after his stepfather, is on his honeymoon with former Miss Dorothy A. Schwertle, a pretty miss of 20 years.

Grude is owner of two fruit ranches near Orangvale and although only 24 years old, was the owner of a large fruit packing-house which he sold to the Pioneer Fruit Company.

By slipping away from Mr. and Mrs. George J. Schwertle, parents of the young woman, the couple procured a license last Tuesday and drove to Cathedral House, where Father P. Ryan made them one.

A suitcase tied on behind the little machine was the sole evidence that they were on a journey longer than just about town.

LIVES LOST BY "DARES."

One Boy Is Electrocuted and Another Is Killed in Shooting Gallery.

BY DIRECT WIRE TO THE TIMES.

CHICAGO, June 6.—[Exclusive Dispatch.] Two boys are dead today as the result of dares.

Harry Eulberg, 17 years old, was electrocuted through touching a sanitary district power wire at Kedzie and Berrien avenues. He was dared by his brother Charles, 14 years old, and took hold of the highly charged wire while

The people who are buying these rich lands are the ones who have investigated them. The people who are most enthusiastic are the ones who know most about it. The only man you will find in all Los Angeles who does not agree that the Lankershim and Van Nuys Ranch affords the greatest land snaps in the present generation is the man who does not know whether they are north, south, east or west.

The people who are buying these lands are developers. Fruit orchards, walnut groves, truck gardens, small ranches and country estates will spring into existence the moment harvest is out of the way. Liberal discounts, amounting in the aggregate to \$500,000, will be given to those who build the first five hundred houses, barns and garages. The success of the project is already assured, but the owners intend that every unit, every buyer, must be individually successful.

In addition to private improvements, the management has outlined improvements for the good of all which will cost a million dollars. The "World's Greatest Speedway," exclusively for automobiles and built of asphalt-concrete, will be the show

feature of Southern California, allowing this will be a complete drive for general traffic, the boulevard, to cost over \$1,000,000, now under way.

These lands are now selling at prices, prices that represent a value simply from a real estate standpoint. They are selling at prices that are far below the value of the land.

Consider these lands under conditions, with rapidly increasing values, and the fact that the Lankershim and Van Nuys Ranch affords the greatest land snaps in the present generation is the man who does not know whether they are north, south, east or west.

Footsteps Save Girl From Terrible Fate.
Man She Believed to be Husband Binds and Gags Her in Hollywood Street But Is Prevented from Carrying Out Designs.

BOUND, gagged and left lying unconscious on the stairway of a neighbor's house, Mrs. Ella Miller, or Miss Ella Spawn, an 18-year-old Hollywood girl, was found shortly after 8 o'clock last night, where she had been attacked by a man who, she believes, to be her husband, but who is in reality a desperate criminal with twenty aliases. He planned to kidnap her to revenge himself by torture, or else sell her into a life of leprosy. When she recovered consciousness, shortly before midnight, Miss Spawn has shadowed her and has tracked her through hills when, she was at a picnic with friends, and has appeared in strange places leering at his prospective victim.

He made his appearance recently near the home of Mrs. C. T. Spawn, mother of the deceived bride. A vacant house at No. 3811 Childs avenue furnished the revengeful, supposed husband with a lair. He was seen coming out of the place on two occasions and when he first haunted the place neighbors thought that ghosts caused the strange noises that issued

ONLY A JOKE TO STIMSON.
But Poor Woman in Same Boat Are Punished in the Police Court.

April 1 is a real joke to Marshall Stimson, Good Government pooh-bah, second only to Boss Llaner, though it may be no joke to twenty-one lodging-house keepers, who, like Stimson, neglected to pay the occupation tax license fee due on that date.

Stimson owed \$5 to the city of Los Angeles April 1 as license fee for lending money on mortgages, but did not pay it. On the same date the twenty-one lodging-house keepers, mostly poor women, owed a grand total of \$3.10 in license fees ranging from 15 cents up.

After the usual time the delinquent list was put in the hands of H. L. Vary, police license inspector by extra special favor of the Mayor, who had four license collectors turned out of office to give Vary his job.

Vary went after the lodging-house keepers, haled them into Police Court, prosecuted them and they were assessed \$3 each.

But Vary did not go after Marshall Stimson. He was permitted to continue the work of "Good Government" and was accommodated with additional delay until last Saturday, when he paid the \$5 he owed the city at the office of License Collector Taggart—over two months late. Stimson did not weep, either, like some of the women did after they had been humiliated by being dragged into the Police Court.

But what's the use of "Good Government" if you can't use it for your friends?

CITY SQUIRREL HUNT.
Federal Deputies Are Granted Permission to Shoot the Little Animals Within Municipal Bounds.

Permission to shoot squirrels within the city limits of Los Angeles was granted by the police department yesterday, the explanation being that animals are wanted for scientific purposes.

The applicant was Dr. L. M. Fox, City Health Officer, who advised Chief of Police that Federal deputies are here investigating the squirrel plague. There is no such plague this part of the country, but the authorities wish to make certain there is no possibility of infection from the little creatures.

The deputies were given the authority requested on the assurance that extreme caution would be exercised in the hunt.

STOP WATCHES
STOP SPEEDERS.

MANY HILL-CLIMBING AUTOISTS TAKEN IN POLICE NET.

Signals Flashed from One Guard to Another on Grand Avenue Grade Result in Arrest of Nearly a Score of Alleged Violators of City Ordinance.

Only under peril of arrest in future will automobile demonstrators go honk-honking and sput-sput-sputtering at unduly speed up the hill on Grand avenue from Fourth street north. Eighteen of them were arrested yesterday afternoon while testing the hill-climbing capacities of their cars, and all of them will be in Police Court this morning to explain. A trap was laid for the offenders and they fell into it.

There was consternation in automobile circles when it was noised about late in the afternoon that something was wrong on the hill that lately has been considered in some circles to have been built and improved for no other purpose than the testing of buzz wagons. At the same time, there was rejoicing among residents along Grand avenue when they saw a motorcycle officer overhaul one speeder and then another and another until nearly a score of them had been placed under arrest.

Grand avenue, with its grade of nearly 20 per cent, is looked on as an ideal place for testing machines, but the people living on the hill have been complaining that the tests were increasing at such a rate, both as to number of machines and the severity of the stunts to which they were put, that the lives of pedestrians were endangered.

In response to many appeals the police instituted a campaign against the speeders.

Patrolman Faldridge was detached to aid two motorcycle officers. He was given a stop watch and was stationed at Sixth street and Grand avenue. At a point exactly one-eighth of a mile nearer the hill, Patrolman Gardner, one of the motorcycle officers, loitered gracefully in the shade of the trees, a stop watch in hand and an innocent look on his face. Farther up the hill, nearly at the top, Motorcycle Officer Coo lingered with his machine. The trap ready, victims were not slow in falling into it.

Beverly Woolwine, a demonstrator for N. C. Nason of the Hummobile agency, was the first to run into the ambush with a midgeet car. As he passed Faldridge, that officer clicked his stop-watch and stretched his arms, as if he were very tired. In a few seconds, Woolwine was spinning past Gardner with the other stop-watch. There was another click, a brief mental calculation and the signal was flashed to Coo, at the top of the hill.

Then the powerful motorcycle shot out after the little Hummobile and Woolwine's name and address were taken in exchange for an invitation to appear in court this morning. The machine is said to have been going about twenty-five miles an hour; the limit permitted twelve miles in that district.

After Woolwine, other victims came in rapid succession, and they were as quickly placed under arrest. L. A. Pratt of the Thomas Motor Car company was the last man arrested. He sped into the trap just about sundown, driving a big Thomas car. He was greatly surprised. The officers say he was going twenty-five miles an hour; he says that he was not making more than fourteen, though that is two miles beyond the limit. Among others arrested were J. Ricard, G. M. Grant

said that the man to whom she was married had rushed out from a hiding place when she was leaving the home of Mr. and Mrs. C. E. Garner, No. 3733 Childs avenue. He threw himself upon her with an oath, and called out that he was going to take her with him. She felt a gag forced into her mouth, and her hands were bound behind her in an instant. She lost consciousness then, just as she heard footsteps approaching. The arrival of friends frightened the assailant, and he fled to his lair in a vacant house across the street.

Miss Spawn, a handsome, educated girl, who lived at home with her mother, became infatuated last fall with a dashing and witty man who said he was an employe of the Pacific Electric Company.

LOVE AT FIRST SIGHT.

It was a case of love at first sight. She married the man December 5. He gave the name of "John Miller" and said he was 28 years of age, a native of Germany. A few weeks later the girl-wife found that her husband apparently had several names and his letters and business communications led her to believe that he was hiding some past record of crime from her. Acquaintances gave her some hints which convinced her that "John Miller" was not the right name of the

from the apparently-unoccupied building.

The so-called "John Miller" who is in reality Marion Mazuran, an Austrian with an Armenian education, whose picture is in the books of the local detective bureau for a case a few years ago when he was charged with attempt to rape, is of a crafty nature and he was willing to wait his chance.

Last night he hid near the Garner home and waited for his victim to come out, to return to the home of her mother. When he hurried her from her feet and stifled her cries, it is probable that he intended to carry her to the vacant house to torture her or hold her until he could save her for the white slave market. The arrival of friends saved the girl.

The discovery of the unconscious girl was dramatic. H. E. Keller, No. 1476 Sunset boulevard, an ardent admirer who had hoped some day to make her his wife, but who was supplanted by the brilliant Mazuran, was the first one to stumble across her body. Calling for help he seized her in his arms and carried her into the Garner home where he watched at her bedside with feverish anxiety.

When she recovered consciousness, Miss Spawn sighed and groaned, then she looked at the faithful Keller and tears filled her eyes.

PUBLIC SERVICE Courts and Offices.

SUMMARY OF THE DAY.

Revised garbage ordinance will hit householders from putting cans outside their premises. A case against Catherine Smith, charged with child stealing, began in Judge Davis' court yesterday. There seemed to be much interest in the matter. Two witnesses were called.

The trial of Hal Hardy, charged with the murder of William Moore, was begun before Judge Willis yesterday. The defense will be that Hardy is a dipsomaniac and therefore responsible for his actions. A notice of a motion for a new trial in the case of Minnie Abbott Smith and Isiah H. Smith, was filed yesterday. The hearing is set for the 10th of the month.

Forty-one "drunks" were tried and sentenced in the Police Court yesterday. Breaking all records, both for the speed with which they were tried and for the number of cases.

Anding her own case and pleading extreme youth of Hollywood people, Mrs. Eliza Wade of the suburb, charged with violating fire ordinance, escaped with a minimum fine.

AT THE CITY HALL.

GARBAGE MUST BE COLLECTED.

AN ORDINANCE TO FREEZE OUT VERNON FEEDERS.

Householders Will Be Forbidden to Place Cans at the Curb for Hog-raisers to Take—Contractor to Be Unleashed for Failure to Enter Premises.

Believing that forbearance has ended the enforcement of the garbage ordinance, which Chas. Alexander holds, W. Humphreys, street inspector, who is the direction of garbage enforcement, yesterday instructed Garbage Inspector Lorthouse to personally investigate every report of the failure of a contractor to collect garbage and to file daily reports to the Board of Public Works.

In addition he will probably ask the small today to make it a misdemeanor for any one to place garbage on the sidewalks, thus requiring all householders to keep their cans at least five feet from the property line.

The new ordinance will be a revision of the one now in force, and is intended to cure all the defects in the one being contested in the courts. It is a Humphreys' purpose to examine the reports Lorthouse makes daily of the failure of the contractor to make collections, and wherever the fault is in the contractor, Humphreys will recommend that the penalties provided in the contract shall be imposed. A board may fine Alexander \$5 for failure to do so.

The failure of the contractor to make a reasonable effort to carry out his obligation to the householders has led Humphreys to raise the fire ordinance to a higher level. There are whole neighborhoods where the garbage was taken until the householders placed cans at the curb as before the contract was entered into. This is because the contractor's men would not enter the premises. By putting the cans at the curb the householders were practically put in possession of them and Alexander ceased any effort to instruct the householders. His contract requires. He should have distributed printed instructions explaining the date of collection and the approximate hours May 1, but he did not do so yet. Humphreys says he was because the first notices Alexander prepared did not conform to the contract, and confusion as to the legal status of the ordinance led the Board to excuse the contractor.

By forbidding the placing of any cans in the streets the Board will place the duty on the contractor to go to every house and enter the premises for the garbage. The householders will have no right to enter premises and in this way the contractor not expected to find excuse in the future in the hog-feeders' claim in the "two things" essential in the new contract," said Mr. Humphreys. One is the collection of garbage in the premises of the householder and the other is disposal of the same in a city limit. There have been reasons why the contractor was not to make some of the time, but it is his duty to make the cans go unlighted. The question has been a bugbear of the Council for several weeks, and its final decision to pay one-eighth aroused the property owners on Main, Spring, Broadway and Hill streets, where the city pays for all the cost in alternate years.

HARMON'S HORSES.

MAY COST HIS JOB.

Twenty-two horses on pasture at Griffith Park excited the interest of Park Commissioner Lippincott last week and, as a result, Charlie Harmon, foreman of the park, is under suspicion and will face charges before the Civil Service Commission.

Harmon was before the commission yesterday and explained that ten of the horses belong to him, three to the city department, and one to the Griffith Park Association.

"that two of your horses have worked for the city under the name of a man named McColliers?"

Harmon said this was true. The commission suggested to Harmon that he ought to resign. He said he would not.

Then the commission discussed it further and instructed Lippincott to prefer charges against Harmon, and he was ordered suspended for thirty days.

Lippincott, who seems to have been horse hunting, reported that the aqueduct department has 550 head of stock on pasture, which about 100 are mules and it is not likely to need them for some time, and that the park department ought to borrow twenty or thirty for road-making in Griffith Park. The commission asked Lippincott, who is assistant engineer of the aqueduct, to borrow them.

New tennis rules for the courts at Sunset, Sycamore and Eastlake parks were adopted.

Commissioners Silent and Lippincott were named a committee to draft an ordinance regarding the park forces and including the apprentice idea of Commissioner Silent, to become effective during the coming fiscal year. It is intended to reduce the employees so that the commission will have more discretion in assigning their work and regulating their hours.

BUSSE'S ADVICE.

PATROLMAN EARL GRIDDLE.

Patrolman Earl Busse, who gave the Mayor good advice about the somnolent Chief that the Mayor didn't want, will be given a formal hearing tomorrow to his dismissal. The force next Monday night by the Police Commission. Busse made a try for a transfer from the University division to the central "quarry squad" and asked the Mayor's aid. The Mayor told the Chief of Busse's high opinion of him and the Chief gave Busse two days to resign or face charges. Busse says he will use the Mayor, president of the commission that is to try him, as his principal witness.

Patrolman Claiborne, the "diamond kid" of the University division, was ordered to pay a fine of \$100 for gambling on duty. Claiborne wagered a diamond against one owned by Dr. T. E. Taggart and won. He said the Taggart diamond was worth only \$94, so he is out \$4, and his wife is one diamond ahead, as he told the Police Commission. The commission did not order him to restore Dr. Taggart's diamond.

A. L. Luback, a pawnbroker at No. 210 South Main street, who was convicted of violating the ordinance, lost his permit last night, when the court record was laid before the commission. Luback's attorney, W. O. Morion, said sickness in Luback's family had caused the violation. When the permit was revoked, Morion thanked the commission, which wondered what for.

MAYOR APPEALS TO COUNCIL.

The Mayor wants a "sane and patriotic" Fourth of July, which probably means that it will be one without fireworks or other "barbaric" amusements. In a message to the Council yesterday, he said:

"Our greatest national holiday is drawing near. Los Angeles should celebrate the Fourth of July in a sane and patriotic way.

I would recommend that the Council provide for patriotic exercises at one or more of the parks. The music be provided, and that some of our well-known public speakers be invited to deliver patriotic addresses. It might be well to provide for a parade of the militia or of our school children, also.

To the end I respectfully suggest that a Fourth of July Committee be appointed for the purpose of taking up this matter, and that funds be provided therefor. I understand that the city's celebration fund for the fiscal year is exhausted; but the new fiscal year begins July 1, and this celebration probably can be provided for out of the funds of the new fiscal year."

FERRIES AND FIRE BOATS.

The Mayor will send a communication to the Council today asking it to give immediate consideration to the extension of fire protection to San Pedro and the establishment of a municipal ferry between San Pedro and Terminal Island, with a fare of not more than 3 cents, as promised in the consolidation programme.

CITY HALL BRIEVES.

The new liquor ordinance will not be presented at today's session of the Council. City prosecutor Edna has completed the draft and it is in the hands of Chairman Washburn of the Public Welfare Committee, but the committee has not finally considered it.

The Council will canvass the vote of the primary election of last Thursday after the regular session today.

PA FORCIBLY OBJECTS.

He Hands Daughter's Suitor a Mighty Swat and Tries to Whittle His Spine.

A little brunette at a "darktown" place, an ineligible young man, a dish of chocolate ice cream and a father with black looks and a knife, made up a situation so complex that it took Justice Frederickson more than an hour to unravel it. The episode of it all was that Papa Eli Clark, one of the somber countenance, was fined \$10 for trying to whittle the spine of Moses Perry, the gay Lother.

It happened at a picnic at the corner of Fifty-fourth street and Holmes avenue last Friday evening. Moses had been forbidden the house and when he found Miss Clark at the picnic, he imagined that the meeting had been purposely planned for his benefit by the little pink god. The dusky divinity was eating ice cream, and that was just Moses's chance, so he thought.

"Is yo' got money ter pay fo' dat ice cream?" he asked in his most amiable mood.

"G'way 'um me, nigger; mah pah done told yo' not ter come pesterin' 'roun me," said letly.

"Hol' on er minute, Miss Clark," protested Perry, as he caught her by the shoulder and turned her around.

Just then, Papa Clark, who had "jilted" Perry, smote Moses a powerful swat on the jaw. Moses had enough, but the traitor parent detained him and tickled his back with a knife. The blade only cut Moses's Sunday coat, but there was no telling, so Papa Clark, "made a lil' trot 'cross de lot."

At the trial yesterday, Clark, who had been arrested on a warrant sworn to by the management of the grounds, acted as his own lawyer and concluded by telling the court that he was plain that his arrest by that ere Policeman Eussell, a colored officer, was "where plain spile," and the case closed.

At the trial, however, when the case was introduced in evidence and Clark paid his fine.

CHILD STEALING STORY REPEATED.

ECHO OF WILSON QUADRUPEL EPISODE HEARD.

Grandmother of Baby That Figures in the Case Gives Testimony Against Woman Accused of Taking the Little One from Parent Soon After Its Birth.

All that is left of the sensation of last spring, involving the Wilson quadruplets, appeared in Judge Davis' court yesterday in the opening of the action against Catherine E. Smith, on the charge of stealing a child belonging to Sadie Engelman. The child is one of the babies found in possession of the Wilsons. It was given into the custody of the Juvenile Court.

The affair has evidently lost its power as a drawing attraction, and there were not so many listeners in the courtroom during the day as usually attends a chicken-stealing case.

Most of yesterday was spent securing the jury. One witness was disposed of during the session, Rachel Taback, mother of Miss Engelman, who is the wife of a dentist, residing at No. 432 Lafayette street. Mrs. Taback can speak but little English, and the work of examining her through an interpreter.

The witness stated that she had taken her daughter to Mrs. Smith's place two weeks before the baby was born. On January 20 last, and how it was impossible for her to see the child, a son, some days after its birth. Mrs. Taback said that she was present when the child was born. She said Mrs. Smith told her that the child was a physician was about to adopt the child, and she supposed that arrangement. Mrs. Taback testified that she knew the baby was illegitimate, but that she had shown much interest in it. She did not know at the time what had happened to the baby. Mrs. Smith had told her it had been taken away.

Sadie Engelman, the mother, was the next witness. She said she was 15 years of age last January, and that she lived with her mother. Engelman said she had worked in laundries in this city and San Diego. At the latter place she was known as Bessie Wise. In that city she had done some work in the chorus of one of the San Diego theaters. She rehearsed the story of the birth of her baby, and alleged that she had been compelled to leave the city in a hurry. She had been six days after she had been confined.

The testimony will proceed this morning, and it is expected that it will be continued this evening.

Catherine Smith, the defendant, took great interest in the proceedings, and showed her disagreement with much of the evidence by a vigorous shaking of her head at certain stages of the narrative. She was accompanied by her daughter.

TIRES OF MATRIMONY.

HIS WIFE WANTS SUPPORT.

A pitiful story is told in the petition filed by Mrs. Magda K. Zinko, against Stephen Zinko, praying that the court order the husband to support her and enjoining the German-American Savings Bank from paying to him the \$500 or \$600 he has on deposit in that institution.

The wife says that on December 8, last, she reached Los Angeles, from Hong Kong, having been induced to make the long trip by the declaration of Zinko that he desired to marry her. At that time she could not speak a word of English. The wedding followed on December 22. Within a month following the ceremony, she learned that her husband was a married man, and that he had numerous friends that he wished he had not married her, and that he was tired of his matrimonial bargain.

Sadie Zinko, who left her home at No. 1153 Westlake avenue, and took up his abode at No. 2023 West Pico street, where he conducts a restaurant establishment, and his wife is penniless, she says, and seeks the protection of the court, without setting out how much a month, in her petition, will be necessary for her support.

ACTION ON BOND.

LAUNDRY COMPANY INVOLVED.

An action was brought in the Superior Court yesterday by N. A. Rankin, against the Munger Laundry, a corporation, George M. Munger, Jr., trustee, for the recovery of \$1000 on a bond given four years ago, with the Federal Union Surety Company as security.

On March 27, 1906, the laundry corporation brought a suit against Rankin and a restraining order was issued, prohibiting Rankin from interfering with the laundry orders in Los Angeles, within certain boundaries. Rankin gave a bond of \$1000 that he would comply with the order.

On July 20, 1906, the action was dismissed and finally it was decided by the Superior Court that the preliminary injunction was not valid, and the restraining order was discharged. Rankin therefore asks for judgment for \$1000.

WANTS ALLOWANCE.

SAYS HE DEFENDED WILL.

A motion was offered in Judge Rives' court yesterday that an allowance be made H. J. Pinney, one of the executors of the will of William Riley, for his services in defending the instrument against the action brought by the relatives of Riley to have it set aside on the ground that Riley was incompetent at the time he affixed his signature to the paper. Judge Rives took the matter under advisement, and the testimony of Milton K. Young, who is conversant with the service of Pinney, will be taken up when the first account of Pinney and J. M. Elliott, executors of the Riley estate, came up for approval. The document that the estate was in fairly good condition, except that it was not known whether the investments of Riley in the Tonopah gold field would be profitable. The holdings in Kings county, held in the name of Pinney, were reported to have increased in value from \$100,000 to \$1,000,000.

The total amount with which the executors were charged during the term covered by their appointment, was \$28,761.87; the value of the estate was given at \$32,147.50; with a duplicate item of \$28,845.46, makes the amount chargeable to the executors of the total assets, \$16,222.52 in cash.

DEMURRER OVERRULED.

SEES SINGLE CERTIFICATE.

In Judge Conroy's court yesterday,

defendants will have ten days to file an answer to the complaint.

W. Ona Morion, a director of the bank, requested that instituting in the petition to show who owned the stock of the bank that it was sought to incorporate in the certificate of death; neither was there any evidence that the plaintiff, Blue, was the legal trustee of the alleged stockholders who sought to transfer. He also argued that a trustee is not a stockholder.

John D. Pope and W. J. Cook represented the plaintiff, and argued the regularity of the proceeding, that the demurrer was frivolous and had no legal reasons for existing. The assignment had been made in the regular legal way, and the contention of the defendant that the proper persons had not been asked to transfer the stock, amounted to nothing.

According to the petition of Trustee Blue, stated Night and Day Bank has 2000 shares of stock, but it is alleged that only 1400 shares have been issued. The plaintiff says he is the owner of 1100 shares, representing twenty-five certificates, ranging from one to 100 shares each; that on May 16, the plaintiff presented the certificates and requested the defendants to issue in lieu thereof a new single certificate to Blue for the entire 1100 shares. This the bank, through its attorney, refused to do.

John D. Pope, during the course of his argument, stated that he had been shown who the owners of the stock were, and who had the right to the certificate. There was no desire on the part of any body to transfer the stock, and the case was brought that they be required to do so.

COURTHOUSE NOTES.

PLEADS GUILTY.

In Judge Willis' court yesterday, John Bechtel, charged with rape, pleaded guilty to the information, and a petition for parole in his behalf was filed. The matter will be disposed of Friday next.

SENT TO FOISON.

Max Golinda, found guilty of petty larceny in stealing chickens, was sentenced by Judge Willis yesterday, to two and one-half years in Foison. Golinda has previously been convicted of petty larceny.

WRIT SUSTAINED.

In the habeas corpus cases of Stephen Williams and Salvador Carlson, charged with having violated the fish laws, Judge Davis yesterday sustained the contention on behalf of the defendants that they were discharged from custody. It was alleged that the committing magistrate exceeded his authority in the trial.

CASE TO BE APPEALED. Notice of intention to file a motion for a new trial in the case of Minnie Abbott Smith against Isiah H. Smith, for divorce, was given yesterday. It is understood that the hearing is set for this morning, and that if the motion for another hearing is denied the case will be carried to the Appellate Court. It is said by the attorneys for Mrs. Smith, that important evidence not brought out at the former hearing, will be offered, if the opportunity is afforded.

DIVORCE CASES.

During the vacation period when Judge Hutton lays aside judicial cares, during the part of the week ended yesterday, a number of divorces were granted. All of the cases set for hearing yesterday by Judge Hutton, were sent to that department.

ALL TO THE WIFE.

The will of Evertson J. Peabody was filed for record yesterday. The estate which is left absolutely to the wife, Mary E. Peabody, No. 1214 Highland avenue, is estimated at \$100,000. It consists of cash, \$13,000; real estate, \$30,000, and an equal amount in stocks and bonds.

TAKEN NORTH.

Among those arraigned in the lunacy court yesterday, was Edwin C. Sloane Jones, a member of the San Francisco actor colony, who, while suffering from a nervous breakdown, was sent to this city by his wife, in the hope that he would recover his mental equilibrium.

Sloane, who was kept in the city by his wife, in the hope that he would recover his mental equilibrium, was kept in the city by his wife, in the hope that he would recover his mental equilibrium.

SEEKS DIVORCE.

Caesar La Monaca, leader of the Hotel Potter Band, at Santa Barbara, was defendant in a divorce action brought by his wife, Kin, in Judge Hutton's court yesterday. They were married in Los Angeles in 1906, and she says he has failed to support her. The wife has a home in Los Angeles, and has been able to keep herself from the rents. According to a testimony friends have provided her with both food and clothing, and the house was not rented or the income not sufficient for her wants.

MUR CASE TRANSFERRED.

Judge Davis yesterday set the case of Gerald Muir, against whom three indictments are pending alleging forgery, and one for passing a fictitious check for \$25,000, against the case of a defendant pending for some time in Judge Wilbur's court, and were transferred to the criminal department. It has been alleged that the defendant is a demurrer to the complaint argued and overruled by Judge Wilbur two weeks ago, that Judge Wilbur is prejudiced against Muir, and it is likely that if they had not been sent to some other department, the intimidation would have taken definite form.

THE LAIQUE CASE.

In the action brought by John Laique against Superior Judge Charles Monroe and the demurrer to the complaint was argued before Judge Conroy yesterday, and submitted. The demurrer had to do with striking out certain portions of the complaint. The demurrer to the answer of Judge Monroe and his clerk, T. Colville, will be heard next Monday.

WOMAN ACTS AS OWN ATTORNEY.
She Declares That Hollywood Citizens Are Too Youthful to Be Conversant With City Ordinances and Says She Burned Grass After Six O'Clock—Negro's Head Hard.

Admits Guilt and is Given Minimum Fine.

Mrs. Eliza Wade of Hollywood, on trial in the Police Court for violating the fire ordinance, admitted her guilt, but won the sympathy of Justice Chambers and was fined only \$1 when she argued her own case and pleaded, in extenuation, the extreme youth of the Hollywood population as citizens of Los Angeles.

"We are very young citizens in Hollywood, sir," she said, "and we do not yet know and understand all of the ordinances that have been passed by the City Council. It is true that I burned the grass in my back yard at 7 o'clock in the evening, but I did not know that the ordinance forbids fires except between 8 in the morning and 6 at night. Between those hours, all the boys and men in our neighborhood are away at their work, and I thought I would wait until they returned so that I could have help if the fire got away from me."

To this the judge is no excuse and the court would not accept the plea in full justification, but the defendant was let off with a mild lecture and a minimum fine.

It was 7 o'clock in the evening when Mrs. Wade set fire to the grass, and the flames spread so rapidly that the grass fields of the entire district were in danger and the fire was checked by the fire company only after a great deal of hard work in beating the flames down with sacks.

Tough Head Perplexing.

The characteristic toughness of a negro's head and the possibility of its being bent by a flying rock, are being pondered over by Justice Chambers in the case of E. M. Stiles, who is charged with disturbing the peace.

Stiles was arrested on Temple street, between Alvarado and Burlington, when he was found doing a war dance, a knife, and a rock in either hand, and singing a war song that made the echoes repeat all sorts of profanity. Stiles explained to the court that he had been hit by a large stone that "two men frowned at" him from behind a billboard. He swore that the teamwork of the stone throwers had made an awful dent in his cranium, but examination in the courtroom failed to reveal any pili of alarming depth. The court will pass sentence today.

Doesn't Pay for Clothes.

Tom Ryan, the young man who was charged with walking off with an unpaid suit of clothes which he obtained through Mrs. L. M. Vance, manager of the Working Boys' Home, was given a thirty-day sentence yesterday by Justice Frederickson, who had taken the case under advisement Saturday. Ryan was one of the inmates of the House of Detention, and was accorded to all of Mrs. Vance's boys at the store of Mullen & Bluest. He bought a new suit and went to the store where he had given the money. When he was found doing a war dance, a knife, and a rock in either hand, and singing a war song that made the echoes repeat all sorts of profanity. Stiles explained to the court that he had been hit by a large stone that "two men frowned at" him from behind a billboard. He swore that the teamwork of the stone throwers had made an awful dent in his cranium, but examination in the courtroom failed to reveal any pili of alarming depth. The court will pass sentence today.

Held for Forgery.

Tim Hartnett, charged with forgery, was given a preliminary examination before Justice Rose yesterday and sent before the Superior Court, with his bail fixed at \$1500. Hartnett, a teamster, is accused of forging the name of Nicholas Hamnell-Loomis, wholesale hay merchant, to a check for \$25 payable to E. L. Gray.

SAVING TIME & TELEPHONE

WHEN a man feels the necessity of being in places at the same time he goes to the telephone and sends his voice.

It is not exactly the same thing, but when a man talks hundreds of miles in opposite directions from the same Bell Telephone, it is about as good.

In the daily use of the telephone a man travels over town by wire in a few minutes. It is just as easy to travel all over the State and other States by means of the universal Long Distance Service of the Bell System.

News of Interest in Oil Fields.

geologist of the Union and president of the company, which owns that name, has returned to Washington, D. C. some time ago as a member of the California interest of oil legislation.

He said yesterday that he neither for nor against the proposed law would be a factor in the matter.

He entered into the matter, and there any legislation at this time, however, that would stay on the job would do any good for the state.

the Lakeview gusher, that at last accounts doing its usual stunt barrels of oil a day, seem to be any indication of the flow of oil.

Mr. J. M. Dunn and other oil men returned yesterday and the morning they witnessed the gusher. As the gusher is part owners of the Lakeview Oil Company, they are much interested in it. They say that the gusher is producing more than 50,000 barrels a day.

It came in on March 15, when it was flowing for some time it has given forth a flow of oil.

MARKET FOR OIL.

ANTIC SEABOARD.

The oil gusher with the operators of California, whose eyes toward the market for oil, is reported to be president of the company, is reported to be president of the company, is reported to be president of the company.

It is the official record of May, Pennsylvania, production 562,000 barrels; Ohio, 1,100,000; Kentucky, 1,100,000; Illinois, 1,100,000; Texas, 1,100,000; California, 1,100,000.

ROAD BIDS TOO HIGH.

Board of Supervisors Rejects All for Highway to Sea—Several Contracts Awarded.

The Board of Supervisors yesterday rejected all bids submitted a week ago for improving the Los Angeles-Inglewood-Hermosa Beach road. The lowest bid was that of A. C. St. John, \$77,045.00. The commissioners had estimated that the work would cost about \$72,000. There will be new advertisements for bids.

offense, was fined \$100 by Justice Chambers. C. F. Barton, G. McCloud, and Henry Anderson, first-time offenders, were each assessed \$25, which they paid. G. McCloud, charged with violating the traffic ordinance by allowing a boy less than 14 years of age to ride a motorcycle in the business district, was arraigned, but his case was continued to June 16.

Bench Warrants for Women.

Bench warrants were issued yesterday in the cases of Marcelle Coradine, Antoinette Bounilly, Lelia Roma, and Mrs. Jennie Young, arrested by plainclothes men on charges of conducting disreputable houses. The arrests were made Sunday and the women released on bail, the first three depositing \$25 each, and Mrs. Young, \$10. The bail money was declared forfeited when the defendants failed to appear yesterday morning, but this did not end the cases, as has been the custom, and the bench warrants were at once issued, but the women had not been found late yesterday evening.

Many Sunday Drunks.

Drunks broke the record in the Police Court yesterday morning, both for the number of that class of offenders arrested by the police on Saturday night and Sunday, and for the speed with which they were hustled through the court. There were forty-one of them, and the cases took up just forty-one minutes. Seventeen of them had been arrested on Saturday night, and the remainder were arrested on Sunday. They were all taken to the City Jail between midnight Saturday and midnight Sunday, incidentally establishing a new record for the Sabbath, when liquor is supposed to be hard to get.

UNUSUAL DEFENSE TO BE MADE IN MURDER CASE.

Man Who Killed Keeper of Lunch Stand Without Any Apparent Reason Is Placed on Trial and Friends from His Native State Aid in Fight for Life.

The effect of drink upon the human mind will be the basis of the defense in the case against Hal E. Hardy, whose trial for the killing of William Moore, who conducted an all-night lunch stand in front of No. 844 South Main street, the night of December 3 last, began before Judge Willis and a jury yesterday.

The killing was spectacular and there was apparently no reason for the tragedy. Hardy says he remembers nothing about it. When Hardy made his first call at Moore's stand, A. J. Miner of Hotel Berkeley, Ninth and Main streets; A. Ebinger, No. 350 South Flower street, and Tom Devine, No. 834 South Main street, were present. Hardy was drunk and demanded that he be waited on immediately. This was not done and he went away very angry, declaring, "I'll go back, I'll go away but I'll come back."

He did go away and returned in a few minutes. He opened fire on Moore killing him in his tracks. Hardy was captured at the Hotel Essex, No. 834 South Main street. He claimed that his mind was blank when drinking, and asserted that he knew nothing about what had occurred either as to the shooting or the subsequent pursuit by the officers.

The prisoner was at one time a salesman in the employ of the Angelus Mills, No. 111 East Seventh street. He came to Los Angeles about seven years ago from Rockford, Ind. It is said that he is of an excellent family, but his besetting sin has always been drink.

The work of securing the jury occupied all day, and at the conclusion of the session the panel had not been completed. It was evident from the trend of the examination that the high spot of the defense will be the allegation that Hardy is a dipsomaniac and has been for years; that since 1898 he has been so afflicted that on numerous occasions he has absented himself from home for days at a time, while a resident of Indiana, and could not tell where he had been when he recovered possession of his faculties. It is also understood that a number of letters from leading citizens of his native State—one from United States Senator Henryway—will indicate that for years Hardy had not been responsible on account of the peculiar effect drink has always had upon him.

It is possible that to rest to the other strings to be pulled by the defense will be that of alibi. It is alleged that, under the circumstances, as regards point of time, it would have been impossible for Hardy to have shot Moore at the time it is declared he did.

REALTY MEN MIX.

Slighting Words in Letter Lead to Punctures and a Warrant for Battery.

A warrant for the arrest of A. T. Jergins, a real estate dealer with an office at 400 H. W. Hellman building, was issued yesterday on the complaint of C. A. Scott, another real estate dealer, who alleges battery.

The trouble, it is said, was caused by the writing of a letter by Scott to a third real estate man, in which the assertion was made that Jergins did not know the realty business. The letter was shown to Jergins, who went after Scott and, it is alleged, punched him several times.

Only a few days ago two fashionably dressed women, driving through the shopping district in an automobile, called at several stores and had bills of goods charged to Jergins, who started an investigation that led to the branding of the shoppers as swindlers.

MAY PAY AS PLEASE.

Deputy District Attorney Decides Employers Are Privileged to Issue Checks of Own Choice.

Employers have a right to give their workmen pay checks which are not negotiable and which are payable only at certain places at designated times, according to an opinion given the Supervisors yesterday by Deputy District Attorney Shaw.

The question was raised several months ago when the Golden Rule Order of the World petitioned the Supervisors to pass an ordinance to compel the payment of salaries only in negotiable paper or money. They based their request on the murder of Caroline Braat in San Francisco on June 30, of last year, by James E. Cunningham. The young woman was employed as a book-keeper by Gray Bros., grading contractors, and Cunningham was one of their laborers. He became angry on account of the manner in which he was paid off and killed the woman. The coroner's jury recommended that each Board of Supervisors in the State pass ordinances regulating the payment of salaries.

KNOTTY POINT ARGUED.

Arguments were made by opposing counsel yesterday morning in the Second District Court of Appeal in the case of Mills Sing, who is charged with contributing to the delinquency of a young girl. Attorney for the Chanaman asked for a writ of prohibition directed against Judge Wilbur of the Superior Court. It was argued that the police and justice courts have exclusive jurisdiction of misdemeanor cases, the contention being that there could be no preliminary examination of a misdemeanor charge. Judge Wilbur drafted the juvenile law under which the prosecution has cited the Chinaman. It provides that anyone contributing to the delinquency of a minor child is guilty of a misdemeanor. The Appellate Court ordered the attorneys to file briefs.

Black Silks Are Reduced

While we are paying special attention to the needs of June brides, travelers and society women in the way of pongees and novelty silks, we shall not neglect that branch of our silk business which has made us famous throughout Southern California—the selling of dependable black silks at very reasonable prices:

Regularly. Now.	Extra Wide Black Silks	Now.
Motorette Pongee—27-inch width.....\$1.25	Creme de Chine—45-inch width.....	\$2.00
Japanese Silk—36-inch width.....\$1.25	Meteor Crepe—40-inch width.....	\$2.50

Unusually Good Waist Buying Opportunities Now

Nearly every woman in town must have bought one or more waists yesterday, to judge from the quantity we sold. But procrastinators will find today's assortments fully as good, for we do not plan these sales in a hurry:

First of all—because it's very important—every one of these waists is from one of our regular sources of supply—a guarantee of its excellence, for we buy only of the best makers. And every waist is brand new, fresh and perfect in every respect—ready to put on and wear, if you like.

Waists at \$1.00:
Lingerie, semi-tailored and strictly tailored models, in fancy shirtings, linens and similar materials; waists made to sell for \$1.25 and higher.

Waists at \$2.50:
Handsome, newly-received garments from New York; bought at special prices; and reinforced by additions from our own regular \$2.75 and \$3.00 lines; linen, union linen and madras tailored styles—best we have seen this year.

Waists at \$1.45:
Tailored and lingerie styles for which we usually obtain \$1.75 and \$2.00 apiece.

Waists at \$1.95:
An unusually large assortment in this group; of values regularly \$2.50.

Waists at \$3.95:
This group embraces the well-known "Opera Brand" of hand embroidered batistes, lace yokes, Dutch neck styles and similar new fashions; \$4.50 and \$5.00 waists.

SODAS, SUNDAES, Etc., in the Cafe—Fourth Floor, served all day long. A la carte luncheon between 11:30 and 2:00.

Silk Gloves, Reduced Small Sizes Only

The penalty that any store pays for being popular is the accumulation of odds and ends. In the Glove Section, for example, where we sell thousands of pairs of gloves, frequent clearances are essential to good stock-keeping—which results in this:

Short silk gloves in a very good variety of colors, but in SMALL SIZES ONLY: gloves which are fully worn \$1.00 and \$1.25, reduced to.....**50c**

Long silk gloves of best \$1.50 to \$2.50 qualities—made by firms whose names you know well; but also in SMALL SIZES ONLY: reduced now to.....**\$1.00**

Yes, we will fit them, if you like.

Note These Very Low Prices on French Lingerie

Probably there would be other lingerie sold, if the prices of French hand-made garments could just be brought down to the level at which ordinary machine-made goods may be bought. Such opportunities are very rare; here is one of them:

Gowns:	Chemise:
\$2.50 Gowns for.....\$1.95	85c and \$1.00 Chemise for.....75c
\$4.00 and \$4.50 Gowns for.....\$3.75	\$2.50 Chemise for.....\$1.95
\$5.00 and \$5.75 Gowns for.....\$3.55	\$3.00 Chemise for.....\$2.45
\$7.50 Gowns for.....\$6.75	\$3.50 Chemise for.....\$2.95
\$10.00 and \$12.00 Gowns for.....\$8.75	\$5.00 Chemise for.....\$4.25

Skirts:	Skirts:
\$20.00 Skirts for.....\$14.75	\$20.00 Skirts for.....\$16.50
\$19.00 Skirts for.....\$13.75	\$8.00 Skirts for.....\$6.75
\$12.00 Skirts for.....\$9.75	\$9.50 Skirts for.....\$7.50

Matched sets, suitable for bridal trousseaux; also reduced; prices range from \$14.75 to \$45.00.

SKIN-TORTURES YIELD TO EASY TREATMENT

"In 1907 my face broke out with itching sores which failed to heal. I tried everything, but to no avail. I was in a dreadful state of mind, and my business suffered. I was advised to try Cuticura. I did so, and in a few days the sores were gone. My face was clear, and my eyesight improved. I was able to go to work, and my business prospered. I am now a healthy man, and I can testify to the power of Cuticura."

Man Who Played Good Samaritan Says Beneficiary Robbed Him—Small Theft Reported.

E. F. Thornton of Williams, Ariz., has reached a conclusion that the role of Good Samaritan is not to his liking. He and one John Reeves came to Los Angeles for a change of climate and fortune. Reeves was without money, so Thornton paid the expenses of the trip and took his companion as a room-mate, at No. 143 North Main street. Thornton went to bed early Sunday night, Reeves remaining awake. When Thornton awoke yesterday morning he missed Reeves, as well as \$55 in cash, an Elgin watch, a Canadian 20-cent piece, mounted as a watch chain, and a revolver. The affair was reported to the police and a hunt for Reeves was started.

DOWN WITH SIGNS.

Complaints have come to the Supervisor that advertisers are defacing new concrete bridges with glaring signs, despite an ordinance which prohibits advertising within a certain distance of public highways. This law covers the evil complained of and will be enforced. There is some question as to whether those whose goods are advertised are liable. If not, the Supervisors intend to amend the ordinance so as to make them responsible.

CURES

M. S. CHENOWETH, M. D.

THE MASTER SPECIALIST.

My large and special practice has fitted me to cure various forms of Rheumatism, Gout, Gravel, and all the ailments of the blood. I have effected the best results of my ability in doing so. I know just what to do in each case, and I am not in a hurry to do it. You do not suffer any pain or loss of time. My cures are not only for the time being, but I guarantee them to be permanent.

You Can Pay When Cured

I am the oldest licensed and longest established specialist in California. I am a graduate of one of the largest medical colleges in the United States. I was physician in charge of the St. John's Hospital, St. Louis, Mo., 1888-1890, and railway surgeon on Harriman lines in Colorado for four years. Member of American Medical Society 46 years, and the author and publisher of medical works of recognized authority. I have hidden under a false name, nor publish a false picture, nor make a false statement of any kind. I personally care and conduct my office, my patients, and treat them personally from the time they come to me until I discharge them as cured.

FREE CONSULTATION AND ADVICE

I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. All persons should not neglect this opportunity to get expert opinion about their troubles.

My offices are open all day from 9 a.m. to 9 p.m., and Sundays from 10 to 12.

SWELTERING.
ARIZONA NOW GETTING WARM.
Normal Heat Hurries Up Summer Storms.
Humidity Is Low There and no Prostrations.

County Jail Known as the "Hell Box."

LOCAL CORRESPONDENCE OF THE TIMES.
PHOENIX (Ariz.) June 4.—Among the public generally, there is a sentiment that Decoration Day in the Southwest should be not later than the first of May. This year the first of May was a day of heat and furnace-like heat all over the Southwest. The Phoenix Sentinel Station, on the Arizona Pacific, took the record with a thermometer only a degree above normal. The temperature at the Laguna, Phoenix, was 114 and Tucson 115. The humidity percentage was low and no prostrations were reported from any point. An abnormal heat has served to hasten the summer storms. Phoenix has had a magnificent shower, but it has been torrential rains in the western part of the Territory. A heavy rain fell on the Arizona Pacific, washed away and damaged was done by wind in the Salt River valley.

WEATHER INTERRUPTED.
A week ago Jacinto Arinas and came to Phoenix on a wedding. The happy bridegroom cashed at a hotel and failed to note he had accidentally been given a check for \$100. He had no money and no check, but he had a sentence of ten days in the county jail. He was released on the condition that he would pay the fine. He did not pay the fine and he is now in the county jail.

GOVERNOR'S RETURN.
The return of James F. Angell, a custody in Southern California, is charged with robbery of the Southern Pacific office while night clerk at that place.

IRRIGATION PROJECTS.
Powell Davis, chief engineer of the Reclamation Service, is in Arizona inspecting the progress of the Salt River and Yuma projects. He found the Salt River project complete, but the Yuma project is still about 10 per cent. complete. He found the Salt River project complete, but the Yuma project is still about 10 per cent. complete.

WINKELMAN AFFRAY.
Winkelman, land titles are in dispute shape that actual occupancy with deadly weapons in hand, is the only way in which to hold the townsite. Application for a writ of habeas corpus is now pending in the Land Office. Last week at Winkelman was a lively affray over a land title. A man named Winkelman, who had been employed by a man named Winkelman, was shot and slightly wounded. He was taken to the hospital and is now recovering.

CONTEMPT CHARGE.
It is not improbable that John Hess, county attorney will be before Chief Justice Kent to answer a charge of contempt of court. Last week Judge H. S. Sloan, of the Superior Court, ordered Hess to appear in court to answer a charge of contempt of court.

SHAKE INTO YOUR SHOES.
Allen's Foot-Ease, the antiseptic powder. It cures painful, smarting, nervous feet, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous, swollen, tired, aching feet. Always use it to break in new shoes. Try it today. Sold everywhere.

DAIRYMEN FINED.
State Dairy Inspector C. A. Starkweather recently found a number of dairymen at Linton in the southern end of this country who were unwilling to have their places inspected, and as a result two firms have been severely fined for permitting unsanitary conditions. The inspector reports that as a rule the dairymen have welcomed him, and the importance of preserving healthful conditions in a county which ships much butter as Fresno is fully realized. Close watch will be kept hereafter upon the recalcitrant milkmen.

MERCHANT DIES.
Andrew J. Lyons, a pioneer merchant and harness manufacturer of this city, died last night after an illness of several months from Bright's disease. He was for many years a partner of J. D. Morgan, Chief of Police, marshal and a prominent politician. Mr. Lyons was a prominent member of Masonic and other lodges. He leaves a widow and four young children.

SHE MISTAKES GASOLINE FOR KEROSENE.
She Puts Some in the Cook Stove and is Fatally Burned—Fifteen Students of High School Receive Diplomas—Carnegie Foundation Professor Arrives to Study.

PORTERVILLE.
June 4.—Using gasoline for what she believed was kerosene to start a fire in her cook stove, Mrs. Luther Allen of Pixley station yesterday was so badly injured in the resulting explosion that she died an hour after the accident. The accident occurred in one of the buildings of the Pixley Eucalyptus Nursery, all of the structures being consumed by the fire which the explosion started. The loss is estimated at \$300.

COMMENCEMENT EXERCISES.
Commencement exercises of the Union High School were held at the opera house Friday night, fifteen young men and women being granted their diplomas. With but one exception all the graduates have arranged to continue their schooling with a college course.

Retired Fresno Physician Tries to Stop Runaway Team and is Fatally Injured.
[ASSOCIATED PRESS DAY REPORT.]
FRESNO, June 6.—Dr. Elias Ensher, a retired physician, who lived on Madison avenue, five miles west of this city, was fatally injured this morning while attempting to stop a runaway team drawing a load of hay. Ensher, who was 65 years of age, rushed into the center of the road and grasped the bridle of the horse. He was knocked down and two wheels of the heavy wagon passed over his body.

BURGLAR SENTENCED.
FRESNO, June 6.—Joseph Horn, who entered a plea of guilty to a charge of burglary in the local Superior Court last week, was sentenced to the county jail for a term of six months. He was caught after a long chase by a patrolman. He was sentenced to the county jail for a term of six months.

HEAD BLOWN OFF.
BAKERSFIELD, June 6.—Sam Kohler, a prosperous rancher of Oxnard, ten miles from here, put the muzzle of a double-barreled shotgun into his mouth last night and released the trigger with a forced stick prepared for the purpose. Most of his head was blown off. Kohler came from Switzerland. Coroner McGinn cannot find heirs to the ranch property.

CAHUENGA VALLEY ROADS.
The demand for \$675.77 in the Cahuenga Valley road fund, that was drawn by the city against the county was approved by the Board of Supervisors yesterday. This district was taken into the municipality by the annexation of South Hollywood and Colegrove.

WILL EXTEND LINE.
To Be to Build Through Wine and Citrus District of Fresno County.
FRESNO, June 6.—Local officials of the Fresno Valley Railroad Company announced an important extension of their line in this county. The new Wine and Citrus line is to be built through the wine and citrus districts. The line will be three stations, work on it will start immediately. The road will be fifteen miles long and will follow the main line of the Santa Fe. The new line will be built through the wine and citrus districts.

A Personal Word From Mr. Fitzgerald About the Fitzgerald Club Piano

I HAVE been asked by our general manager, Mr. Barnes, to make a personal statement about the pianos we bought for our 20th Anniversary Club. Were the deal not such an important one, I would not presume to tax the readers' patience with any opinions of mine and especially in a matter that affects my own interests. In this case, however, I know so well that you who join this club get such "good value received," that I willingly assume the risk.

In this piano, you get all you bargain for and a good deal more. You save money—big money—nearly 100 dollars, in becoming a member of this club. The piano itself is right. It's a good, honest piano. The person who buys one as good for \$375 gets the worth of his money, it matters not from whom he buys it. I know this from more than my own experience. I know a New Orleans dealer, a very prominent piano man, who sells about 250 of these pianos a year. He sells them in New Orleans, throughout Louisiana and all along the Gulf Coast, which is known to be the most trying climate in this country on pianos on account of the heat and dampness, and he has had as satisfactory experience with it as I have had—what more can be said?

I have considerable pride in this deal. I consider this one of the most important piano transaction I have ever made. It will save several tens of thousands of dollars of money to the 500 persons who go to form this big club—money they can use to pay for musical instruction or in taking a vacation trip or whatever use they see fit to make of it. As this big purchase is intended to stand as an enduring advertisement to our house, I can assure you that the piano itself, as far as I know how to make it so, represents the extreme limit of value for the price and liberal conditions under which it is offered.

(Signed) *J. D. Fitzgerald*

These Pianos are made by good German labor in the factory of one of the best piano manufacturing plants in the world.

The cases are made of fine selected mahogany, walnut and quartered oak. The inside is of birdseye maple.

The keys are genuine ivory. The strings are of best Imported German wire. The action is of the best French Repeating type—very carefully regulated by as competent workmen as there are in the piano trade.

Our knowledge of the instrument is based on an experience running back over a dozen years—not on faith or hearsay—and it is from that experience we are willing to give the unreserved, unconditional guarantee that we do, the equal of which has never before been given on any piano, it matters not what its merits.

These pianos are worth \$375. The club price is \$277.50, thus saving you \$97.50. The terms are \$5 cash and \$1.25 a week—less than one-half the regular terms.

These pianos are shown in three style cases, and each style is shown in three woods—Mahogany, Walnut and Quartered Oak.

These are the Club's Special Privileges and Conditions. Read This:

1. Every instrument is guaranteed without reserve—for ten years. There are no "ifs" or "ands" in the guarantee—just a straight-out guarantee as strong as we know how to make it in writing.
2. IF, AFTER 30 DAYS' TRIAL, THE PIANO IS NOT SATISFACTORY, WE WILL GIVE YOU YOUR MONEY BACK.
3. If the piano is SATISFACTORY after 30 days' use, the Club Member HAS TWENTY-THREE MORE MONTHS in which to satisfy himself as to the character of the piano. If it does not then prove to be everything that he expects, he has the privilege of exchanging it without ONE PENNY LOSS for any other instrument of equal or greater value that we sell—(and we sell over a dozen different representative makes.)
4. If a Club Member dies during the life of his contract we will immediately send A RECEIPT IN FULL to his family for the instrument.
5. A beautiful stool to match the piano is included without extra cost.
6. The piano will be tuned TWICE WITHOUT CHARGE.
7. Club Members have an opportunity to still further reduce the cost of their piano by procuring other Club Members.

The pianos are worth \$375. The Fitzgerald Club price is \$277.50. The price includes everything. There are no extras of any kind. No interest to be added. Nothing to be added for drayage, stool, absolutely no extras. Two hundred and seventy-seven dollars and fifty cents is the price, and the price includes everything.

These 500 pianos will be sold, \$5.00 cash, then \$1.25 a week. The \$5.00 just about covers the cartage and delivering—yet the \$5.00 payment made when you join the club is credited to your account.

The piano is delivered immediately. You do not have to wait until the club is filled. You get your piano when you join. The remainder payable every week. Club members do not have to pay but \$1.25 a week. This gives them 218 weeks in which to pay for the piano, and still get it at the Club price of \$277.50, or a straight out saving of \$97.50.

The Club books open Wednesday. In other words, tomorrow will be the first day you can join the Club. The pianos, however, are now on display in our building, 523 So. Broadway, where you can see and hear them. You are cordially invited. The pianos will be delivered immediately upon your becoming a member and making the initial payment of \$5.00. During the first week of the Club's life we hope to give every one their choice of three styles of cases, and to show each style in three woods—Mahogany, Walnut and Quartered Oak.

For the benefit of people living outside the city of Los Angeles we have compiled a booklet, giving full details of the Club Plan, and showing the three different styles and woods of the Club Pianos. We will be glad to mail this booklet, free of charge, to all those who will fill in and return to us the coupon in the lower right-hand corner of this sheet.

An Advance Credit Account combines the conveniences of a charge account with the economies of cash prices.

A Few Facts About the Largest Department Store West of Chicago that may interest you. Doubtless you have repeatedly realized the increased comfort and convenience of shopping where there was an abundance of room—not only room for people to pass each other, but room for goods to be displayed in the most artistic fashion. The Big White Store's Main Floor occupies space more than equal to the entire selling space of other department stores. An average of 2000 visitors come to our store daily. Our 1600 employees would so overcrowd a store of ordinary size that there would be scant room for any customers. It makes a difference—a BIG difference—to shop where there's room—and LIGHT! Hamburger's is the STORE COMFORTABLE.

Our Economy Sale means notable savings on the things you want today! Every item is too important to overlook.

Application in Study Room to Nervous System of Pupils. Fresh Air, County Superintendent Believes, Will Overcome Also Stop Spreading of Disease.

Theory that studious, nervous, especially girls, should be differently from more sturdy seems to have received a great deal of thought on the part of educators in the overcrowded conditions of the city schools. It is difficult to look out on these lines. Recent case of Ruth Arvilla, only daughter of Mr. and Mrs. L. Spaulding of No. 146 Dana, who took a notion that she should go to the seashore, without the consent of her parents, and to the result of too close attention to study.

Excited Neighbor Notifies Police That Child Is Dead, But Wound Is Not Serious.

Bitten by a big black dog which ran into the back yard and snapped at her face, Milan Masovich, 3 years of age, was taken to the Receiving Hospital shortly before 6 o'clock last night where a gash under her left eye was treated.

The fright occasioned by the dog's attack caused the child to scream and then faint. A neighbor rushed into the yard, saw the silent baby with her bloody face and then called up the Police Station to say that a dog had killed the child. When the patrol wagon reached the place the child was "gone-going" and laughing at the excited crowd which gathered.

Doctors say that the wound will not prove dangerous.

CUCAMONGA.

CUCAMONGA, June 6.—A quarterly meeting of the Chamber of Commerce was held at Kilbourne's Hall Saturday evening. There was a good attendance of members. Various committees made reports, the most satisfactory being that of the committee on the names of the railroad stations at this point. The committee was successful in inducing the Southern Pacific roads to change the name of Cucamonga to Guasti, and the Santa Fe will name the new station here Cucamonga instead of North Cucamonga, as formerly. The report was received with much applause, as nearly every resident here has suffered loss of time and much annoyance by having freight or express sent to the wrong station. After the adjournment of the business session the members held a smoker.

The all-day meeting at the Methodist Episcopal Church to celebrate the first anniversary of the dedication of the new church was largely attended, and very enjoyable. Rev. F. D. Mather, D.D., Rev. Andrew Park, Miss Nellie Sanborn, Rev. George R. Graf and

BOTH WANT HIM.

BOY KIDNAPED BY HIS FATHER.

DIVORCE PROCEEDINGS ENTER INTO THE CASE.

Frankie Mother Searches for Baby Who Was Last Seen With Parent, and Watches His Trunk in Local Hotel—She Believes He Has Taken Child Home.

Taking advantage of his wife's absence at a luncheon in Pasadena, Jesse W. Bridgman, who is separated from Mrs. Olive E. Bridgman pending proceedings in divorce, is alleged to have taken his 3-year-old son, Lloyd, to his home, No. 711 West Eleventh street, Sunday and kidnapped his three-year-old son, Lloyd.

The most desperate efforts on the part of the mother have failed to find the missing boy. When she returned from Pasadena to discover that the one thing she prized dearest in the world had been taken from her, she was prostrated with grief. In a little while, however, she vowed to recover the child, and with this object in view went to the hotel, No. 556 South Flower street, where her husband has a room. There she was told that Bridgman had requested the people to leave the room, and she asked for him. His trunk was in his room, and in order to trap him, she hired messengers to watch it, notifying her upon the appearance of her husband. She also notified the police.

Lloyd is a bright little chap, with light hair and blue eyes. He wore a black and white hat, brown velvet suit, tan shoes and tan stockings. In view of the divorce suit, Mrs. Bridgman declares that her husband's object in taking the child is to have him in his possession should the case be decided in his favor.

"I am determined to get the boy," she stated last night. And to this end, she encounters Bridgman, who she will take him by force. Thus far she has frustrated Bridgman's efforts to have his trunk shipped North. The Wells-Fargo Express called for it, but it did not leave the Plymouth, owing to the divorce suit.

Sunday when Mrs. Bridgman went to Pasadena she had no premonition of what awaited her upon her return. Bridgman has not been seen since he left Lloyd and would bring him back. Lloyd willingly accompanied him, and since that time Mrs. Bridgman has not been able to work. She thinks her husband has gone North, and will keep in the dark until the divorce suit is called.

HORRIBLE FATE AVERTED

(Continued From First Page.)

They examined several neighbors, Keller and the girl's mother. The latter asserted that she had seen a man running into the vacant house near her home and she was convinced that it was "Miller," because she had seen him entering the place once before.

Followed by a crowd which had gathered, the detectives ran for the house and found that while it had been unlocked earlier in the day, it was fastened from the inside. Detective Hosick broke through the front door just as Zelliger was prepared to plunge through a back window. The three officers of Masuran's presence when the officers entered, but he had disappeared. It is probable that he left himself out through a cellar window when he heard the noise of the mob running after the officers.

The country round was scoured for traces of the sinister assassin, but he evidently escaped to Los Angeles, where he was being tracked at an early hour this morning by Zelliger and Hosick, who have a picture of him and know some of his haunts.

SKULKS IN BUSHES.
Bert E. Rico, son of Deputy Sheriff Rico, threw some interesting insights on the doings of Masuran. Rico says that he heard Miss Splawn tell of how she started out on a picnic a few days ago with two girl friends. They were walking over the hills feeling carefree and jolly, when the venomous fangs of "Miller" was seen peering out from the trees. Again and again they saw his skulking figure in the bushes and he was so persistent that the frightened girls locked arms and ran back to town.

E. Garner, Rico and Keller were able to find some letters written in Austrian and Armenian to Masuran. These, taken by the girl who believed that she was his wife, gave her the first clues to his true character. He is believed by the detectives to be a member of the notorious and desperate Hunchakist Society which makes a business of kidnapping, murder and torture.

Inquiries made by the detectives prove that Masuran has at least twenty aliases and also that he is undoubtedly a bigamist if not a polygamist. Some of his best known aliases are "John Miller," "J. Madovich," "H. Jackson," "Jack Meyers," and "Joseph Meira." He speaks several languages and seems to have a wide circle of friends in Chicago and New York who were in either Austrian or Armenian lineage.

IS STRIKINGLY HANDSOME.
He is said to be considered strikingly handsome, is 26 years old, 5 feet, 9 inches in height, weighs 180 pounds, and parts his hair in the middle.

The detectives know where he has his position recently and have a line also on an alleged trip to Portland. When he deserted his wife last February, he let her know that he was going to Portland to seek employment. Indications are that he did not go, but stayed in Los Angeles, where several persons claim to have seen him. He is known to have been in the company of women on several occasions, and it is not unlikely that he deceived some of these, as he did Miss

purify of character and a retiring disposition.

She lived with her mother after she married Masuran, alias Miller, and did not want to leave her old home.

Indignant neighbors hunted for Masuran last night and threats of lynching were heard on all sides.

Keller, who watched the bedside of the girl, showed a set face until it was apparent that Miss Splawn would recover.

"I intended to go abroad to complete my musical education this summer, but perhaps I won't now," he said as he looked at the unconscious girl and fingered an automatic revolver.

When she became conscious, he went out into the darkness and began a hunt for the man who had deceived and attacked the girl he loved.

GIVEN UNUSUAL HONOR.

Member of "The Times" Staff Is Elected Editor-in-Chief of Law School Publication.

Richard J. Culver, of No. 291 South Grand avenue, a member of the editorial staff of The Times and a student in the junior class of the University of Southern California Law College, last night was elected editor-in-chief of the State Decals, the annual publication of the school.

The honor conferred upon Mr. Culver is unusual, in that he was chosen by a vote of 143 to 43 at a meeting of the student body association. Mr. Culver, while carrying on his newspaper work in San Francisco, and the children's agency work, which was inaugurated by the Grand Parlor at Marysville a year ago.

He urged the order to interest the Legislature in the restoration of the Solina mission at Sonoma, which is the property of the State. Preservation of the historic buildings at Fort Ross also is urged.

The report of Grand Secretary Fred H. Jung showed a total membership for January, 1910, of 13,354, an increase of 467 for the year.

The report of Grand Treasurer John E. McDougall showed a total balance for May 1, 1910, of \$13,440. The children's agency fund showed a balance of \$3709.

GRAND PARLOR IN SESSION.

Native Sons of Golden West Will Hold Next Convention at Santa Cruz.

(ASSOCIATED PRESS NIGHT REPORT.)
LAKE TAHOE, June 6.—At the first day's session of the Grand Parlor, Native Sons of the Golden West, it was decided to hold the next Grand Parlor on the western rim of California, at Santa Cruz. Monterey was Santa Cruz's only competitor. The original vote of 228 to 115 was made unanimous.

In the morning the reports of the Grand Parlor were received. President Joseph R. Knowland and other grand officers were received.

The most important action at the afternoon session was the adoption of a resolution readopting the Grizzly Bear magazine as the official organ of the order and giving it financial support. The resolution carried the proviso that if the magazine again carries a political item the contract will be canceled.

A resolution has been introduced asking that \$750 be appropriated for the restoration of Santa Ynez Mission, Santa Barbara county.

San Francisco was formally declared

By an exclusive arrangement with the Knowles, Taylor & Knowles, of East Liverpool, Ohio. The Times is enabled to offer to its patrons a product of these famous potteries, being the only newspaper in the States at present supplied with dinner sets from them. Other newspapers will not pay their price, but prefer to work off on their subscribers at a profit the output of factories which make a business of furnishing premium dinner sets to second-class newspapers. The Times has given its patrons the best the market affords, regardless of cost.

Every housewife knows the merit of the famous K. T. & K. set. It is able therefore to appreciate the value of The Times' 25-piece dinner set coming from these potteries. It is made up very handsomely in a gold pattern, warranted not to graze or crack and guaranteed to be perfect.

The Times does not sell this dinner set, the retail price of which is \$10, but it is placed with subscribers on a regular subscription contract, conditions are so liberal that they may be easily taken advantage of. Delivery charge or advance payment is demanded.

THIRTY-FIVE ESCAPE.
Passengers Heed Warning of Engineer When Smoking Car Turns Over.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, June 6.—(Exclusive Dispatch.) The presence of mind of Charles Smith, an engineer on the New Haven Railroad, who was off duty, in calling out his fellow passengers, a smoker attached to the engine, which was the only car on the train that jumped the track, saved the lives of thirty-five persons.

The train was traveling at the rate of twenty miles an hour, and although every passenger was warned to get under the table, the train was overturned by a single passenger who was injured.
